by Ron Tallon O.A.M.

Less than 12 months ago, Kev Hoskins suggested "as this was our 50th year of existence a history should be compiled". With encouragement and assistance from my wife, Vonnie, and support at the Branch, particularly, Val Connell, herewith is the end result.

The document is dedicated to the families of all the men and women who have contributed to the success of the South Coast Branch in recognition of their support and, no doubt at times, acceptance of infringement on family life.

# **INTRODUCTION**

Writing the bistory of an organisation such as ours usually falls to the lot of an enthusiast who has little idea how to collate or record events relevant to 50 years of activity. Therefore, please excuse any seemingly unacceptable phraseology or chronological sequence of events and accept the document as a resume of the passing of 50 years since the Branch's inception.

# THE FORMATION

outh Coast Branch (Queensland) - there is another one in New South Wales - was formed in the summer of 1945-46 mainly as a result of the expanding lifesaving activity in Queensland but hurried along by a problem existing in the 1930's and 1940's in relation to the administrative control of Surf Life Saving in Queensland.

There had been a long running difference of opinion between personnel from Point Danger Branch (formed October 1924) and the Queensland Branch of the Royal Life Saving Society over lifesaving methods and administrative control. This was temporarily solved in 1930/31 by the formation of the Queensland State Centre of Surf Life Saving. However, subsequent elections of officers re-ignited the problem which apparently simmered for another decade and

eventually resulted in the Head Centre of Surf Life Saving, controlling body of Surf Life Saving in Australia and based in Sydney, being called on to adjudicate during September 1942. Detailed accounts of these apparent fiery early days appear in J.R. Winder's book – Surf Life Saving in Queensland – and part of the report goes on to make the following observations:

"There was a period of procrastination on the part of the Head Centre until, on October 26, 1943, Sydney

official Bill Moran came to Brisbane to conduct a conference of the parties. This, however, proved abortive.

Allan Kennedy attended a Head Centre meeting in Sydney in early 1945 and stirred things up in that quarter, receiving a stern rebuke from State Centre for his unauthorised intercedence.

The Branch had another try, and renewed its request for an inquiry. On April 6, 1945, the Head Centre announced the appointment of a committee of top officers, comprising Roy Doyle (President), Cec Mack (Deputy President), Jack Cameron (Hon. Chief Superintendent), and George Millar (Hon. General Secretary).

The Committee, which met in Queensland on May 10, 1945, and subsequent days, was empowered, as representing the Constitution Committee of the Association, to make findings on the complaints (by Point Danger Branch), and to make such determinations and directions on State Centre matters as would, in its opinion, be most likely to settle the matters in dispute and bring about harmony and cooperation in the conduct of the affairs of the Centre.

The final directions of the Committee of Inquiry in their report of May 16, 1945 were:

- a. The southern boundary of the North Coast Branch be extended to include Bribie Island, until such time at least that there are three or more efficient clubs operating on the Island;
- b. That the area controlled by the Point Danger Branch be reduced by fixing its northern boundary at Currumbin Creek (this was ultimately altered to Tallebudgera Creek);
- c. That the clubs situated between Currumbin Creek (later Tallebudgera Creek) and Southport be formed into a new Branch".

At that time, Queensland State Centre consisted of four Branches - Point Danger (1924), North Coast (1931), South Barrier (1931) and North Barrier (1936).

Affiliated with Point Danger Branch were Bilinga, Broadbeach, Palm Beach, Tugun, Burleigh Heads/Mowbray Park, Surfers Paradise, Southport, Kirra, Tweed Heads & Coolangatta, Currumbin and Cudgen Headlands.

As can be seen above the problems were not solved until 1945 when renewed efforts made by the Point Danger Branch resulted in the foregoing directions and a resultant meeting at Queensland State Centre rooms at 8.00 p.m. on September 25, 1945. This was the inaugural meeting of the South Coast Branch and being adjourned at 9.30 p.m. was continued at Main Beach, Southport on September 29, 1945. Applications for affiliation were accepted from Southport, Surfers Paradise, Broadbeach, Burleigh Heads/Mowbray Park

(BHMP) and Palm Beach and the Branch applied to Queensland State Centre for affiliation.

From the outset the Branch indicated it was not going to be a "passive child". Requests from the first meeting were:

- Items of gear
- Application for Australian
   Titles to Queensland
- Adjust the timing of the Instructional Conference
- Life Membership nominations for A. Williams and S. Costa

At the next meeting they were pursuing a change in the train timetable to allow city members more time on patrol. And so the Branch had set its course in being a forthright member of Queensland State Centre but tempered with every endeavour for all-round good relationships with our fellow lifesavers.

Further to this has been the outstanding club harmony that has been promulgated and nurtured by our senior officers from inception until this day. Perhaps the fact that we were "born out of controversy" has been an inherent factor in our constant endeavours to reach compromise and harmony within our boundaries. We have extended that philosophy beyond our boundaries but when the occasion warrants the Branch is not afraid to promote its beliefs in a forthright manner.

The very word - Branch - suggests part of a tree and this is what we are, part of the tree of Surf Life Saving. Trying to guide clubs at the pit-face from one centre is not effective over a long coastline. Standards have to be set, awards examined, approaches to Government, major sponsorship, policies laid down. All these and more are best handled by the "trunk" of the tree, State Centre and Australian Council. Branches serve the Association by monitoring the foregoing and acting as an inter-club link and promoting those clubs and their beliefs higher up the tree.

Having established our foundations and reason for being, the document will now move into a series of chapters on the various facets of our activities. Included in these chapters will be names of prominent members and results of the various competitions which have been compiled from available records. Errors and omissions are inevitable, and if so, please bear with us, or better still, let us know and we will rectify the problem in our 75th or 100th year.

# **AFFILIATIONS**

ffiliation time, the Annual General Meeting - has never been easy. Clubs coming out of the winter recess are slow to get going and invariably there are a few clubs who "miss the start". A few sharp words from the President and the odd phone call from the Secretary rectifies the problem. Early days saw the fee at a respectable £1/1/-. Around 1966 the Branch introduced a £300 fee which was used as a basis for a credit and debit system on all fees between club and branch, e.g. capitation, examinations, entry fees, etc. to avoid the constant issue of cheques and receipts. Listed herewith are the initial affiliation dates of the Branch clubs:

25 September, 1945 Southport, Surfers Paradise, Broadbeach, Burleigh Heads/ Mowbray Park, Palm Beach A.E.M.E. - Army Personnel -December, 1945 Los Angeles Beach later Mermaid Beach A.E.M.E. 13 April, 1946 Palm Beach returned to Point Danger 1 February 1947 Northcliffe 19 April, 1947 Miami Beach 6 November, 1948 Point Lookout North Burleigh (first Carnival Beach 7 January, 1950 then Little Burleigh) 3 April, 1954 Nobbys Beach Kurrawa (first Police Youth Lennons 1 September, 1958

It should be noted that the Branch foundation clubs initially affiliated with Point Danger Branch in, as far as can be determined, the following years:

then Lennons-Broadbeach)

25/01/25	Burleigh Heads/Mowbray Par
1925	Southport
1929	Surfers Paradise
1935	Broadbeach
1930	Palm Beach

Clubs formed after the founding of the Branch were carefully nurtured by the Branch with plenty of preplanning, meetings and guidance. These clubs were up and running very quickly with the possible exception of Point Lookout. Geographically it was a problem and their early years required constant Branch assistance. Over the years other affiliates have had their problems which have resulted in prompt Branch intervention and remedial action.

The only other affiliate was the South Coast Branch Surf Nipper Association which operated under the guidance of a Nipper Committee consisting of Branch and Nipper Association personnel. This arrangement operated until 1982/83 season when the Association amalgamated completely with the South Coast Branch and became the Board of Junior Surf Life Saving.

# **ADMINISTRATION**

perusal of the office bearers over the years of the branch's existence reveals an outstanding list of surf life saving identities. From inception in 1945, the Branch had been fortunate having experienced men such as Woodroffe, Rootes, McMaster (Snr), Kennedy to guide the branch through its formative years. The minute books of the branch reveal that harmony and compromise were always key components in the various activities of the branch. As the years roll by these components have become more and more difficult to maintain but the writer feels those establishing basics are still key issues in the continuing success of the branch's administration.

Many are the arguments on the principle of officers remaining in office for extended periods but a glance at our records would suggest that long-standing officials such as Woodroffe, Claybourn, Tallon, Rootes, Stone, Serisier, Dutton, Hoskins, Webber, Weimer, McMaster, Bird and O'Connor have not handicapped the branch it its aims and objectives.

Herewith is a record of our major Office Bearers.

# THE MINUTES

survey of the minutes reveals that the issues of 40 years ago are still with us today, only in a larger scope. Affiliations, awards, patrol problems, competition misdemeanours, travelling allowances, outfitting of teams, late club returns – it's all there among the more unconventional episodes that occurred from time to time. Herewith follows

a series of extracts from the minutes over the first 12 years which should give the reader an insight into the meetings of the branch over the years of formation and consolidation.

#### 29/9/45

Minutes of meeting called to form the New Branch by Qld. State Centre SLSAA under direction from Head Centre SLSAA held at Surf Rooms, 117 Queen Street, Brisbane on the 25th September, 1945 at 8 p.m.

<u>Present:</u> Messrs W. Soden, J.J. Betts, Qld. State Centre, N.S. Woodroffe, M. Burke, J.A. Allison (Southport), F.J. Thee, F. Richards, B.M. Nicholson (Surfers Paradise), J.L. Ramsay, H. Leah, A. Heaton (Broadbeach), H. McMaster, S. Costa, A.R. Donaldson, proxy for R. Duncan (Burleigh Heads), A. Frizzell, E.B.S. Donald, J.H. McKain, proxy for W. Gillingham (Palm Beach).

Mr.W. Soden President of Qld. State Centre SLSAA occupied the Chair and J.J. Betts Hon. Secretary Qld. State Centre SLSAA acted as Hon. Secretary.

#### BRANCH IS BORN

#### 12/1/46 -

<u>Pennants:</u> The Secretary's action in procuring pennants for the opening carnival was approved on the motion of A. Heaton and J.L. Ramsay. On the motion of A. Frizzell and F.J. Thee the Secretary was instructed to procure pennants for the Branch Championships.

<u>Petrol Tickets:</u> The following petrol tickets were allotted. Five gallons to E. Ulrick on the motion of A. Heaton and A.M. Williams. Two gallons to Surfers Paradise on the motion of A. Quinlan and A.M. Williams. The balance of tickets were allotted to the Board of Examiners on the motion of A. Quinlan and A.M. Williams.

<u>Petrol for Championships:</u> On the motion of A. Kennedy and A.M. Williams it was left in the bands of the President and Secretary to make application to the local fuel board for petrol for the four clubs in the branch to travel to the State Championships.

# A FEW EARLY PROBLEMS

1/2/47 -

Northcliffe Club: Mr. S. Costa reported on having attended the inaugural meeting of the Northcliffe Club and recommended its affiliation be accepted. Report received on the motion of H. McMaster and F. Richards. The affiliation of Northcliffe Club was accepted on the motion of H. McMaster and S. Costa.

The delegate of Northcliffe Club was welcomed by the President who assured the new club of every support from the branch. Mr. K. Smyth suitably responded.

New Club Miami Beach: It was decided to advise J. McNamara and J. Wilkie, who applied to form a new club at Miami Beach, that affiliation will be accepted provided the necessary affiliation and capitation forms are completed in accordance with the handbook, and that at the initial meeting of the club the South Coast Branch is represented by the President (if held on South Coast) and Deputy Superintendent Mr. S. Costa (if held in city). Motion by H. McMaster and F. Richards.

<u>Branch Rules:</u> The branch rules as submitted were adopted with amendments and the necessary copies to be printed on the motion of H. McMaster and W.F. Serisier.

#### NEW RULES AND CLUBS A PLENTY

1/2/47 -

<u>Mermaid Club Carnival:</u> The Mermaid Beach A.E.M.E. club's carnival which was postponed on account of bad weather was set down for March the 16th. Motion by H. McMaster and J. Foggitt.

# IT HAPPENED IN THOSE DAYS TOO!

Application Surf Ski: Mr. K. Smyth (Northcliffe club) applied on his club's behalf for assistance in the purchase of a double surf ski. The branch decided to purchase the ski and subsidise the club £ for £. The repayments from the club to be made from Government subsidy received by the club. Motion by V. Thurecht and M. Burke.

### **EVEN IN THOSE DAYS!**

<u>Honorarium:</u> On the motion of Messrs. M. Burke and J. West, the Secretary was voted an honorarium of £15/15/-.

<u>Treasurer's Report:</u> The Treasurer (Mr. Serisier) submitted a detailed report of finances, which disclosed a credit balance of £683/3/2. The report was received on the motion of F. Thee and J. West.

Account: On the motion of A. Silver and F. Thee an account for £5/10/- was passed for payment.

#### HIGH FINANCE

<u>Thanks:</u> A vote of thanks was carried by acclamation to Broadbeach Club for providing morning tea for the meeting.

#### WASN'T THAT LOVELY!

4/12/48 -

<u>Probationary Examiners:</u> The following members as Probationary Examiners of the South Coast Board were approved on the motion of Messrs. A. Williams and F. Richards. W. Bail (Surfers Paradise), T. Head, C. McGregor and M. Claybourn (Broadbeach), P.Anderson (Northcliffe).

### MICK JOINS THE BOARD

Concession Fares: Mr. J. McNamara reported that three members of their club who resided at Ipswich were unable to get rail concession fares from that place, as the Railway Dept. insisted on a minimum of four members from any

club. The Secretary advised be would take up the matter with State Centre Secretary at Mermaid Beach Carnival,

# REAL CONCERN FOR MEMBERS

4/12/48 -

Night Surfing: The Broadbeach Surf Club advised it was the club's intention to introduce night surfing at Broadbeach. The area to be used was 150 feet frontage and a depth of about 66ft which would be patrolled along the backline by the surf boat fully manned and equipped and the outside lines to be patrolled by surf skis. There would be two complete patrols who will exercise strict vigilance and be assisted by two lookouts from the shark tower equipped with night glasses. The area would be lighted with floodlights.

After a lengthy discussion T. Boast moved: "This South Coast Branch takes no responsibility of anything happening at Broadbeach on any of the floodlight surfing nights. The Association had adopted a 6 a.m. to 6 p.m. patrol and that was quite enough for the lifesavers to put in patrolling" V. Whelan seconded the motion.

After further discussion of a general nature, Mr. Boast by consent amended bis motion to read that this branch disapproves of the night surfing and takes no responsibility and the amended motion was seconded by Mr. Crombie.

The motion was defeated by 13 votes to 7.

The Broadbeach Club's letter was received and contents noted. FORWARD THINKING WITH NECESSARY CAUTION

25/1/49 -

Night Surfing: The correspondence which transpired between Broadbeach club and State Centre (through the Branch) was received on the motion of A. Kennedy and J. McNamara. Mr. Low (Broadbeach) advised it was the intention of his club to protest to Head Centre (Sydney) on the action taken by State Centre towards the Broadbeach Club in relation to night surfing.

# THEY DIDN'T GIVE UP EASILY

8/10/49 -

<u>Surfers Paradise Club Appeal</u>: Surfers Paradise club wrote lodging an appeal against the suspension of their club member, F. Roslan, by State Centre. On the motion of V. Whelan and J. Crombie it was resolved to forward the appeal onto State Centre for their consideration.

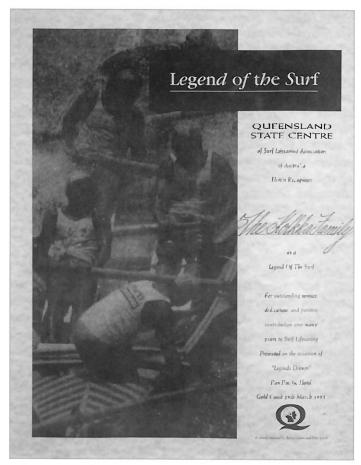

# THE ROSLAN SAGA COMMENCES

4/2/50 -

Roslan Appeal: An appeal by F. Roslan against his suspension, as also a supporting appeal from the Surfers Paradise Club were received and on the motion of F. Parkes and G. Goldsmith the Secretary was instructed to forward them onto State Centre.

Insurance: After correspondence had been read from the Burleigh Heads/Mowbray Park Club with reference to adjusting the names of members of their club covered by the scheme, it was decided on the motion of M. Burke and W. Low to place the matter before State Centre with a view to obtaining a ruling on the matter.

<u>Thor Long Memorial</u>: It was decided that the branch delegates to State Centre support the request by the Burleigh Club that the club supply a trophy to be competed for at Queensland Championships for Senior Surf Championships, such trophy to be known as the Thor Long Memorial. Motion by F. Parkes and F. Thee.

'Legends of the Surf' Certificate of Appreciation presented to the Kolkka Family in 1993 for their dedication and service to Surf Life Saving.

<u>Suspension:</u> The Broadbeach Club advised that their club had suspended K.E. Burke for 12 months. The information was received and contents noted on the motion of Messrs. W. Serisier and G. Goldsmith.

Pt. Danger Branch: A letter was received from the Pt. Danger Branch seeking an explanation through the branch in regard to A. Kennedy testing a shark gun in their area without first obtaining their permission, claiming that unless common decency and the ordinary code of ethics are observed confusion and ill feeling can only result. After a good deal of discussion it was decided to advise Pt. Danger Branch that their letter was received and in the opinion of this branch no action is necessary. Motion by J. Rootes and J. West.

#### A FEW TROUBLESOME ISSUES HERE

Truck Transport: It was resolved that delegates to State Centre should ask the Parent Body to take up the matter with the transport authorities so that all members of the life saving clubs be permitted to travel to the beaches on trucks provided by the clubs.

#### LUXURY TRAVEL EMERGES!

2/12/50 -

Insurance Delegates: Edward Lumley & Sons advise that delegates to Branches and State Centre can be insured by being specially declared by their clubs. It would be appreciated therefore if you will forward (in duplicate) a list of officers and delegates who are eligible from your club together with premiums in respect of those members (if it is desired to have them covered) and specially declare that they are officers and/or delegates. In the case of officers and/or delegates already insured, clubs should advise their names and the date when premiums were paid.

Shark Attack: The President on opening the meeting, expressed sympathy on behalf of the branch and its affiliated clubs to L. Ryan of the Burleigh Heads Club who was mauled by a shark at Burleigh Heads on November 25th and it was pleasing to hear that he is now progressing satisfactorily. He desired to have placed on record the efforts of G. Horsley and other members of the Burleigh Heads Club who went to the assistance of Ryan. The President of Burleigh Heads Club thanked the branch for sentiments expressed and advised that all relevant details of the incident would be forwarded to the branch after their club meeting. It was decided to forward letters to L. Ryan and Burleigh Heads Club.

#### GOOD NEWS AND BAD NEWS

7/4/51 -

<u>New Patrol Area:</u> Mr. Serisier advised that Surfers Paradise Club had asked the Council for permission to patrol the beach in the vicinity of Narrow Neck and that the Council had referred the matter to the branch. It was pointed out that the club should apply to the branch to patrol the area and in its application to define the proposed boundaries of the beach.

New Zealand Team: Mr. Kennedy reported that the President of the New Zealand Association bad communicated with bim with the object of trying to arrange a visit of a New Zealand team to Queensland. On the motion of M. Burke and J. Crombie it was left in the secretary's bands to contact New Zealand and try and arrange the visit.

National Titles: Mr. Kennedy gave a short report on the National Titles held in Western Australia and stated that they were not a real success and in his opinion the work was not up to the usual standard. He recommended that the branch advocate a change in the number of men that comprise the March Past and suggested that it be reduced to 12 men per team.

<u>Supt. Leaving:</u> The President advised the meeting that it was regretted that A. Kennedy would be leaving for the south at the end of the month and possibly for England in August and his loss to the branch and surf movement generally would be severely felt. It was decided on the motion of J. Crombie and M. Burke that the branch records its appreciation to Kennedy for the excellent work he has done for the branch and the surf movement throughout Australia. On the motion of T. Halbert and M. Burke a subcommittee of President, Deputy President, Secretary and Treasurer be appointed to arrange a farewell and presentation to Allan on behalf of the branch.

#### THE ACTIVE ALLAN KENNEDY

2/2/52 -

State-wide Appeal: Mr. J. West brought up the suggestion that the branch delegates request State Centre to organise in conjunction with the "Courier-Mail" and its Radio Stations the matter of organising an annual State-wide appeal for funds. Members agreed with the proposal, and delegates were asked to bring the matter before State Centre.

AND SO THE "HOUSE-TO-HOUSE" COLLECTION WAS BORN 1/3/52 -

<u>Petty Cash - Board of Examiners:</u> Moved by S. Costa seconded by N. Woodroffe that petty cash to the value of £2 be allowed the Secretary of the Board of Examiners.

HIGH FINANCE!

6/12/52 -

North Burleigh Loan: The North Burleigh Club was granted an interest-free loan of £50 (One bundred dollars) to assist it in erecting a temporary clubbouse, the money to be repaid from Government subsidy as received. Motion by F. Parkes and J. French.

#### AGAIN!

4BH Picnic: Messrs. Hardman and Carson of 4BH were welcomed by the President and addressed the meeting outlining all details for the Opening Season Picnic and they expressed their thanks for the branch's co-operation and hoped that through their efforts the finances of the branch would substantially benefit.

#### AND SO THEY DID

Gear Report: The Gear Steward (Mr. H. Weimer) gave a detailed report of the gear owned by the branch and recommended that the following be purchased at an approximate cost of £150 - anchors, identification sweaters, 12 flags, 2 stop watches, time clock, board with clips for examiners, set of R&R marbles, S.C.Branch pennant, waterproof bag for flags, field glasses, paint for buoys, all stop watches be engraved and checked. Mr. Serisier complimented the Gear Steward on his report and moved that he be empowered to purchase all the gear mentioned in his report - seconded by J. Crombie and carried.

# HEREWITH BEGAN THE BRANCH'S STANDARD OF TOP GEAR THANKS HARRY

10/1/53 -

Surf Race Championships: It was decided to advise State Centre that the branch is of the opinion that as the Senior and Junior Australian Surf Race Championships is a restricted event, that all placegetters who qualify in both these events should be sent to compete at State Centre's expense. Motion by F. Richards and W. Hand. It was also decided to advise State Centre that the branch favours the appointment of a selection committee to select a Senior R&R composite team to compete in the Interstate R&R Championships at State Centre's expense. Motion by F. Thee and H. Weimer:

#### PLENTY OF ADVICE FOR QLD. STATE CENTRE

7/3/53 -

Suspension Lifted: Advice was received from State Centre that following advice from R. Roslan of his withdrawal of the charge made of and concerning the manager of the State Team to the 1948 Australian Championships, the suspension has now been lifted. Received and noted and Surfers Paradise club to be advised. Motion by W. Hand and M. Tyquin.

#### ONLY TOOK 3 YEARS TO RESOLVE

4/9/54 -

<u>Club Secretaries Please Note:</u> The following letter from the combined Life Savers Ball Committee has been referred to all clubs and the branch, and their replies before next meeting would be appreciated:

"Following on a very successful combined Annual Ball it has been suggested that the Committee carry on with the idea of running other functions etc. to collect funds for combined clubs,

Further to this is the idea that a State-wide appeal could be made with all clubs participating with State Centre on an equal basis.

If the appeal is State-wide a Monster Art Union could be run, public appeal through the Press and Radio stations, and a general Surf Week during the appeal with displays etc. or in general, any means whereby club funds can be augmented.

I would be pleased if you would indicate if the clubs in your branch would be interested, so that this idea may be gone ahead with."

(Signed - H.J. Weimer - President, Ball Committee)
THANKS AGAIN HARRY!

6/2/54 -

New Club at Nobbys: Letters from Mr. P. Roubin seeking permission to form a new club at Nobbys Beach were read, and the Secretary's reply thereto, and F. Richards moved - seconded by G. Brown - that the Secretary's action be endorsed and permission be granted to form the club. The Secretary was instructed to arrange a meeting of those interested, at which the Branch Executive would be present - Motion by F.J. Thee seconded by G. Brown.

<u>Branch Meetings:</u> The Secretary reported that Main Beach Kiosk had changed hands three times in the past four months, and a charge was now being made for the serving of afternoon tea. Moved by F.J. Thee and seconded by N.S. Woodroffe - that the branch meet these accounts. Carried.

#### TOUGH GOING IN THOSE DAYS!

1/5/54 -

South Coast Hospital: The Secretary advised having written to the Minister, at the request of the South Coast Women's Organisation, to support their request for a General Hospital on the South Coast, and having received an acknowledgment.

# WE HAD A HAND IN MOST THINGS

State President's Remarks: Mr. H.F. McGrath expressed his thanks and congratulated the President and the branch for the staging of the National Championships on 18th April, and stated that the day had created records in drawing more people than anywhere else in Australia, and also will be more financially successful than other carnivals. Members of the public were in position on the beach from 6.30 a.m. and he felt that the National Council were very satisfied. The Deputy President thanked Mr. McGrath for his remarks and expressed the appreciation of the branch for his presence at the meeting.

#### ONLY IN THE SOUTH COAST BRANCH

6/11/56 -

Grant to Clubs: The President drew attention to the sound state of the branch's finance due to a large extent to 4BH and the United Insurance Co. and moved that an amount of £75 be granted to each affiliated club as there was no reason for the branch to accumulate monies. This was seconded by W. Serisier (Hon. Treasurer) and carried with much enthusiasm. It was resolved to record the appreciation of the branch to 4BH Broadcasting Station, and the United Insurance Company's local representative, who looks after the interests of the branch clubs. J.H. Oakden congratulated the Executive and J.H. Rootes gave a short history of the 4BH Picnic, suggesting that 4BH be advised of the branch's action.

J. McMaster expressed appreciation of the work of Southport Cub members in preparation for and after the Picnic and pointed out that many people did not realise the work that had to be done on these occasions. The Hon. Secretary supported the remarks of J. McMaster. The Hon. Superintendent (F. Richards) congratulated the newly formed local Pipe Band, and said the timing was the best for a long while. The President supported the Superintendent and moved that a donation of £5/5/- be forwarded to the Band.

#### HISTORY!!

8/1/55 -

That full length costumes be worn for R&R only, other events be optional - adopted on motion of W.J. Hand and P. Roubin.

DRESS STANDARDS STARTED TO SLIP

5/2/55 -

<u>Provision for Future Surf Club:</u> P. Roubin moved that the South Coast Town Council and the Lands Department be asked to make provision for an area suitable for a surf club near the site of the new Hotel at Broadbeach. This was seconded by F. Richards and CARRIED.

#### FORWARD THINKING ONCE MORE

1/10/55 -

From Lennons Broadbeach Hotel Ltd.: Re formation of a surf club at the beach adjacent to the new Hotel. After a general discussion, Broadbeach Club advised that they had considered patrolling this area, and offered to provide a patrol for the beach if the number of bathers warranted same, particularly on the weekend of the official opening of the Hotel. The club requested that Lennons assist by providing the necessary gear and accommodation for patrol members. The formation of a club can be investigated at a later date when the conditions warrant same. The above was then moved as a motion by P. Roubin seconded by F. Richards and carried. Superintendent will also investigate and report on the beach area.

From Point Lookout Club – in form of a report from the Secretary re the primitive conditions under which the club is operating and the difficulties of transport. Surfers Paradise and Broadbeach Clubs offered to train members with their own bronze squads, and D. Wilson moved, seconded by A.E. Booker that Pt. Lookout be advised of Surfers Paradise offer, subject to their members obeying the discipline of Surfers Paradise Club when visiting the clubbouse. The President moved, seconded by F. Richards that the matter be referred to State Centre, and their assistance also be requested. The Superintendent and his deputy agreed to make investigation and see what action could be taken to assist the club.

Business Arising out of Minutes:

Branch Trophies: On behalf of Mr. L. Wall, the Deputy Super. Mr. McIntosh presented a trophy to be competed for annually at the Branch Championships, the event to be the Senior R&R. The Vern Thurecht trophy for the Junior Champion Lifesaver of 1956/57 was presented by Chairman N. Woodroffe to North Burleigh delegate in lieu of Paul Simmonds.

Mr. P. Roubin then advised of bis appeal by letter to some 85 firms which had resulted in the following: M. Kilmartin, donation £10:10:0; Allan & Stark, donation £2:2:0; State Government Insurance Trophy £5:5:0; Speedo Trophy £15:15:0; Jantzen - Trophy, 'Truth & Sportsmen' - Promise of assistance; Whatmore's - Trophy; Olympic Tyres - Trophy. Mr. J. McIntosh advised of a further trophy to the value of £20 from Mr. S. Pratt of Surfers Paradise.

In view of this excellent response the Secretary moved a vote of thanks to Mr.P. Roubin and Mr.J. McIntosh for a job well done and that letters of thanks be forwarded to donors. Seconded F. Richards.

#### THE TROPHY LIST IS ESTABLISHED

Life Membership: From Southport, nominating N.S. Woodroffe and J.H. Rootes as life members of the Branch. Moved A. Doig seconded K. McFarlane that Southport Club be asked to provide record of members and then refer nominations to Meritorious Awards Committee.

**OUR FIRST LIFE MEMBERS** 

That brings to a conclusion the first Minute Book of the Branch and the initial 13 years. As recorded earlier, the major purpose of branches is hands-on club control in relation to Awards, Patrols and Competition. The ensuing 38 years was all much of the same in relation to administration - a strong Executive and healthy branch meetings maintaining the high standard set in those early years. There were constitutional changes in relation to clubs representation at the branch in an endeavour to conserve wasted manhours at meetings; officers were created as radios, mobile units, JRB's, IRB's and helicopters came on line; Board of Examiners was streamlined to accommodate the ever-increasing competition portfolio; nippers were nurtured and then amalgamated as part of the branch; headquarters were established and built at Mermaid Beach (1979); two unsuccessful attempts at forming a licensed club 1972 and 1994 the last one proving very expensive; assistance in staging State, National, Royal and International Carnivals; hosting and training many Japanese students through Burleigh Heads/Mowbray Park Club; various schemes to try and improve the ever-increasing award syllabus examination procedures.

All this along with the day-to-day problems of transfers, clearances, judicial action, finance, communications and carnival programs have made those fifty years fly by rather quickly. Following is a resume of events through the 60's, 70's, 80's and finally the first half of the 90's.

# **BEACH EROSION**

These newspaper photos of Mermaid/Nobbys Beach area show the damage in June 1967. Pictured below from the 'Courier Mail' on Wednesday June 28, 1967 states volunteers filled sandbags to protect this house in Heron Avenue. A 10-bag high wall was completed at

# THE SIXTIES

959 saw the Gold Coast area become a city, and hence early discussions in 1960 were whether we should change our name. As there were two branches in the region, it was decided to remain as we were.

Rescue Skis also became an issue and Don McKinney worked tirelessly in their development. Individual donors and then Caltex were magnificent supporters of this development, and in their first year recorded rescues were 130 on this equipment. Approximate cost then was £100 per unit and for a few years Caltex provided these units as patrol competition trophies.

1964 saw Point Lookout hosting a Branch and a Board meeting and displaying their ability to entertain "overseas" visitors with their unbelievable seafood and wine banquets.

Southport were in trouble with patrol breaches and suffered the consequences.

1965 was the year Point Lookout conducted their first carnival, and also saw the Governor's Carnival at Surfers where a team from New Zealand competed. This year also showed evidence of a decline in membership. This was evident for a few years but with introduction of mass examinations in 1969 saw the numbers climb.

Unfortunately, in 1966 our first drowning occurred at Mermaid Beach, and as a result mobile patrols were introduced from Southport to Miami on a trial basis. This effort was sponsored by 4KQ and 4GG.

Helicopter patrols were trialled at Xmas but proved too costly.

Winter patrols, in connection with the Gold Coast City Council were also trialled over the next 3 years but were not a real success. Subsequently in 1968 paid Council lifesaving commenced.

1967 produced a visit from a USA Lifeguard Team, and also saw Nipper activity commencing at Southport, Surfers and Northcliffe.

His Royal Highness Prince Philip seated between Stan Wilcox, President of Queensland State Centre and Mick Claybourn, President of the South Coast Branch at Royal Carnival.

Continuing patrol problems saw the formation of P.A.R.A.C. (Patrol & Rescue Advisory Committee) in 1969, and this was a great aid to patrol activity. Caltex again came to the party with a quaint little vehicle called a Haflinger. It came with all sorts of alleged virtuous abilities but was really not a success. However, it did kick start mobile patrols.

# THE SEVENTIES

the "Crash Course" for Bronze Medallions. It did attract more members but the quality and team commitment appeared to be lacking. A record (at the time) 354 awards were gained.

Ideas of a licensed club were promulgated by Percy Marsh, and persisted for a few years but were finally abandoned. Pity.

In 1973 Mermaid Beach conducted "The Best Branch Titles to date". Awards remained steady at 358, and the jet rescue boat was launched at Southport after trials and introduction on a loaned J.R.B. had been conducted by Alan Seeney. The Oxy-Viva was introduced in 1974 and records revealed the Crash Course was apparently reducing the "life" of the active lifesaver. These large scale courses were abandoned.

The era of powered rescue craft was really with us in 1975 with a JRB also at Burleigh and an IRB at Kurrawa. Kev Hoskins supervised a resuscitation course for 41 ladies which helped boost the award numbers which were falling.

Thoughts also turned towards building our own headquarters as the licensed club promotion had been abandoned.

Point Lookout revived their running of the Champion Life Saver carnival, and under the leadership of Col Turner and Con Frangos enhanced their hosting reputation.

Joint dinners with Point Danger Branch which had been commenced in 1971, were discontinued and we commenced to run our own on the basis of allocating a number of tickets to each club. This proved an outstanding success and is still in operation today.

Our good friends Pat & Yvonne Kelly provided the wherewith-all for the Kelly Scholarship, and the Kelly Clock which were trophies for the Champion Lifesaver and an Inter-Branch Board of Examiners contest respectively. The Kolkka family created some sort of record by Norma (Mum), Alan (Dad) and Bruce (Son) all gaining Advanced Resuscitation Awards in one day.

Branch headquarters were also started which concluded a pretty busy 75-76 season.

1977 heralded major fund raising as explained elsewhere, to offset the headquarters construction. Awards (399), radio communication extension to helicopters and power craft and another visit from USA Lifeguards occupied a good deal of time.

1978/79 witnessed a large increase in awards due to the nippers taking on Resuscitation Certificates and Power Boat operations requiring qualifications. Headquarters were complete and opened by Sir Bruce Small on 27/1/79 and brought a fitting close to the 70's.

# THE EIGHTIES

980 heralded in a record year for awards – 758 along with much rejoicing in relation to the re-paid headquarters loan. Subsidy was limited to \$24,000 per club which did not unduly worry the branch but it did affect some of our clubs. Beach patrol vehicles were updated, and rescue boards were introduced as Patrol Competition trophies. Previous troubles with auditors were sorted out and the financial reports for the previous 4 years were included in the 1979-80 report.

Surf Life Saving actually welcomed females into the active ranks, and introduced female board, surf and beach sprint events in 1981.

Patrols continued to be a problem with 63 points winning the competition against 2 points in 1978. Max Christmas donated a Carnival Control Caravan and 1981 also saw the introduction of aluminium patrol towers.

Don Stone hung up his pencil in preparation for the employment of our full-time administrator, Bill Malcolm, in 1982.

Patrols improved and the CBC Bank donated five patrol towers.

The branch was shocked by the sudden death of stalwart Percy Marsh. We entertained HRH Prince Phillip at the Royal Carnival at Kurrawa in 1983. The excitement must have been too much because Mick Claybourn released his chairman's gavel after 16 years as President.

Female events were introduced in 1981 and Nobbys Beach Cadet R&R team finished second at the State Titles in 1983. Trained by Ian Murphy the team was (from left) Sharyn Schmidt, Vanessa Bull, Cindy Ivan, Karen Fisher and Megan Phillips.

1982-83 saw the amalgamation of the juniors as part of their senior clubs and the development of a Branch Board of Junior Surf Life Saving.

In 1984 branch raffles were discontinued and replaced by a street collection that yielded \$4000. The GCCC sponsored the Gold Coast City Titles for the first time at Burleigh Heads, and Kellogg's sponsored the first Coolangatta Gold Marathon. A record year for awards - 767.

1985 saw the full-time administrator depart, and be replaced by Mick Claybourn on a part-time basis and proved to be a much more successful arrangement. Coolangatta Gold was run once again but trouble was starting to surface over the sponsor dollars. The branch did not send a team to Cairns for the Inter-Branch event which triggered a few harsh words.

Mick solved a lot of the award issue problems and finalised the incorporation of the Branch. No more Coolangatta Gold in 1986, and the Uncle Tobys/Nutri-Grain problem started to make headlines, and in fact, raged on into the mid 90's. Apart from a few words at branch meetings, and disappointment at the lack of financial support from Uncle Tobys, the branch felt little impact.

Constitutional changes saw club representation at branch reduced from 4 delegates to 2, preferably the club president and a nipper committee representative.

Awards jumped to 946, and South Coast Dairy provided 21 boards for branch use.

Meeting attendance and poor patrols in 1987 were cause for concern and awards exceeded 1000 for the first time - 1193.

The Ionian Club and 4GG provided IRB motors and rescue tubes. Rescue '88, a World Congress of life saving and competition was hosted by the branch in 1988. Awards reached a record 1221, and despite a dropping off in our funding, \$60,000 was spent on extensions. Air bag

attachment to the Oxy-Viva was introduced and a comparison of total rescues for 1967-77 (4268) to 1978-88 (6474) was interpreted in different ways by different people.

The last year of the 80's was not a good one. Meeting attendance dropped to an all-time low of 58%, awards were down, the poorest financial year for some time despite \$8,000 being raised by headquarters rentals. Branch clubs responded by passing on their Appeals Committee grants to the branch. In hindsight, perhaps the world financial crash of 1987 took a few years to get to our level but there were a few worrisome times at the end of the 80's and the start of the 90's.

# THE NINETIES

990 produced a new record for awards (1480), and the strain was starting to tell on the part-time professional administration despite new office and modern equipment. Dick Frost was a shining star in the awards and training department, and our Social Committee was very active. The "cereal war" became a very hot issue for the Association.

Meeting attendances improved slightly with very little trouble with patrols. Mick finished his term as administrator in 1991, and the branch felt the impact both financially and administratively.

Perpetual Trustees became a major donor. The branch acquired a photocopier, a new IRB, and a replacement vehicle. Meeting attendance and awards remained steady.

At the start of 1992 a professional administrator, Graham Callaghan, took the reins in our second attempt at full-time employment with thoughts of using him as a fund-raiser/administrator. This has not been entirely successful, and we are still wrestling with the problem.

The year was a real challenge for the new man with the Nutri-Grain Gold, Uncle Tobys Gold Coast Gold, numerous carnivals, computer and fax installations at branch and club, problems with paperwork and a record 1507 awards – a real introduction.

1993 saw much of the same with the administrator still feeling his way. Support from GCCC grew but other donors dropped off leaving us with a loss of approximately \$10,000 for the year. Administrative and carnival costs came under scrutiny, and were the cause of much discussion.

1994 turned up trumps. Back to a profit through support from GCCC (\$25,000), Jupiters Casino, Perpetual Trustees,

Gold Coast City Council's support in 1994 included an IRB, seen here at the presentation by council's Finance Chairman, Cr. Alan Rickard and Branch President, Shane O'Connor.

Government Subsidy, and the Appeal Committee. Nobbys, Miami, Mermaid and Broadbeach clubs combined to run the State Championships at Kurrawa. Thoughts of a licensed club with pokies again became a major issue.

A surf carnival was conducted at Southport in conjunction with the World Masters Games, and to top off a very active season, a record 1659 awards were processed.

To complete our 50 years, 1995 was not one of our best. The failure to proceed with the licensed club cost dearly (\$26,000) but that was the clubs' decision. More problems with the ever increasing "paper war", and continuing endeavours to reel in the competition costs. Poor attendance of delegates caused the lack of a quorum at two branch meetings, the first time in 50 years. Rather a disappointing close to the 50th Anniversary but President Shane has already taken steps to rectify that problem.

We must listen and learn from that minor blemish if we are to maintain our claim "The Top Branch". Harmony and healthy meetings have been the major ingredients of our first 50 years of success. May the next 50 be just as successful.

# **BOARDS AND COMMITTEES**

he management of the branch has been based on the Council, Executive, Board and Committee structure, and has been successful. In the early years, the Executive was used spasmodically but of late has been more active in the day-to-day affairs. Most business was transacted at Council meetings with boards and committees being utilised to perform particular duties.

The Board of Examiners could command a history of their own because of their very active role in the examination, active lifesaving and competition roles. However, let us record that without them the branch would fail. They are the engine room of the movement, and do not let it be said otherwise.

This board has been fortunate in its choice of leaders, and witnesses to that is the mention of a majority of their names in the "corner stone and bricks" of the branch. Of late other areas of the Association have split their board into Surf Life Saving and Surf Sports but we have maintained our single board with an extra allocation of officers to tend to these needs. We believe this to be the better way at branch level.

Recommendations to the branch from this board are a regular and major section of Council meeting, and indeed the old cliche "If you want to know what's happening join the board" rings true. Board membership has fluctuated between 20 and 40 in the fifties, and since then up to 70 with the last few years reaching 80 to 100. Unfortunately, as in most groups, history shows that a majority of work was done by the willing few. What's new?

The Gear Inspection Committee attended to their annual task of club gear checks, and meted out their rectification schedules and follow-up activities with persistent monotony.

The Meritorious Awards Committee met when directed, and the results of some of their deliberations appear elsewhere in the document.

The Selection Committee chose their teams from the vast amount of talent available with a high degree of success. Without doubt other people would have selected other teams but again, what's new?

Records show that the Judiciary Committee has been used sparingly over the years, but when called upon their members have responded. Some incidents have dragged on unnecessarily due to inept action by the club in the first

instance, and then poor response to later requests. In this day and age of "natural justice" the call on the Judiciary Committee may increase.

The South Coast Branch Surf Nipper Association started under the watchful eye of a Branch Nipper Committee appointed on 28 October, 1967. Their constitution was subsequently approved on 25 November, 1967 and were eventually accepted as an affiliate in 1969-70 season. One of the major reasons for affiliation was that the nippers could then enjoy the privileges afforded the parent body by way of government recognition. This arrangement continued until July 1982 when the nipper clubs integrated with their senior club, and the Association amalgamated with the branch.

The branch constitution was amended during 1982-83 to provide for a "Committee of Junior Surf Life Saving" although the By-Laws refer to "The Board of Junior Surf Life Saving". Be that as it may, it was 1989 before branch annual reports recognised that the Junior Board/Committee officers were indeed officers of the branch. This did not prevent the juniors from their whole-hearted pursuit of their ideals, and all their achievements, either as a committee, Association or board, appear in our annual reports dating back to 1967.

The personnel of all these boards and committees may indeed be proud of their activities, and their contribution to the success of the branch. They came, they saw, they served. Thank you!!

Ron Tallon OAM, Fred Richards and Mick Claybourn.

# **AWARDS**

Probably the most consuming activity in the Association is the training, examining and issuing of awards. They also cause untold hours of discussion at meetings trying to improve the systems. Up until 1960, we had only 4 basic awards. By 1975 it was up to 7 and present day is 30. The workload has grown accordingly. 118 awards were processed in 1960, as against 1224 in 1995. The record is 1659 in 1994. Allowing for the facts that Qualifying Certificates have become Surf Life Saving Certificates, Instructors Certificates have become Training Officers Certificates, Examiners Certificates are now specialised and Bronze Medallions remain Bronze Medallions set out below is a table of our awards over the 50 years.

The alarming drop in the Bronze can be compensated somewhat with the gaining of awards in the other areas of radio, IRB and first aid, once the premise of the Bronze and the all-round lifesaver. Advanced Resuscitation Certificates and Resuscitation Certificates in the Nippers ranks greately increased the "Other" category.

Read what you will into those figures but there appears to be a distinct lack of desire for young people to accept the role of training and examining.

Despite the Association's intense endeavours to educate, develop and retain this new breed of lifesaver, it is of concern that we have only met with moderate success. Perhaps one of the major deterrents is, in the opinion of the writer, the government education curriculum where discipline is a dirty word and the system focuses on questioning authority or any other issue, and personal goal setting but lacks basic consideration for others. Nothing wrong with that, from the individual's point of view, except that it mitigates against the "team aspect" which is the basis of our structure, and therefore we find ourselves struggling to fill administrative positions at all levels. Let us hope the tide turns.

We are now 20 years into the system of diversified awards, and in view of the foregoing may be it is time we retired to the mount to take in a bird's eye view of the scene. Are we any better off? Please forgive the old traditionalist who wishes to be saved by a reel line and belt should the occasion arise.

"Vigilance and Service" is the motto of the Association, and the branch has worthily upheld that motto having effected 22,116 recorded rescues since inception along with countless thousands of preventative actions and first aid treatments of the bathing public. The rescued requiring resuscitation in that time was 381 and unfortunately, we have to advise of one death in the patrolled area at Mermaid in 1966. Others have lost their life outside the patrolled area despite all the endeavours to protect people from themselves.

Maintaining efficient patrols by the clubs has not been easy. Apart from the man-hours involved on patrol and inspections, the minutes of our meetings reveal that about

30% of our meeting time has been occupied by dealing with systems, misdemeanours, improvement, analysis, development of competitions, and the issuing of penalties all relevant to patrols. Nothing wrong with that, except many people do not seem to accept patrols are our prime reason for existence. This "service" to Queensland and its inhabitants is invaluable, and there is no "shaking of the hand" when the branch accepts the government subsidy dollars.

President Shane O'Connor, hit the nail fairly on the head in an extract from his 1993-94 report. The extract highlights our ever-increasing responsibility, readily accepted, and touches on the platform erected by our activities that launches many young men and women into careers of excellence.

We quote -

"With the advent of 'accountability' as the 'catch-cry' of Government, Surf Life Saving has been subjected to more scrutiny than ever before, and this is highlighted in some areas of the Public Sector Management Committee (P.S.M.C.) Report. It was obvious that these people had difficulty coming to grips with the historic growth of Life Saving as well as the current services provided and the value of these services to the public but particularly to the tourist industry for which the Government is so keen to accept credit.

As great as the other Emergency Service Organisations are, how many would realistically contribute to the quite accurate perception by inbound tourist operations that our beaches are safe. Most of these people would not even know these services existed. We are very grateful for the assistance given by the State Government, however, I would urge them to consider the other areas where we excel. Surf Life Saving turns out great people who turn into great citizens with community service as their aim.

Our sporting heroes are the most respected athletes in Australia. Our junior section combines Life Saving Awards with practical skills and competition and is a great platform for them for the leap into life.

In summary, we obviously provide the most cost-effective and profitable:

- Prevention and Rescue Service
- · Youth Development Programs
- · Sporting Events Program
- · Aerial Support Services

ALL FREE! PLEASE CONSIDER."

# **OUR HEROES**

Inherent with the duties of the voluntary lifesaver are the expectations that our members will do what is necessary to try and save a life. This has been so since our inception and nothing has changed in the South Coast Branch area. For those deeds that go above and beyond the expected there are a series of awards:-

<u>Individual</u>	Group or Club
Silver Medallion	Certificate of Merit with Silver
	Medallion inset
Bronze Medallion	Certificate of Merit with Bronze
	Medallion inset
Certificate of Merit	Certificate of Merit

Prior to 1962 when shark meshing was introduced in the waters off the Gold Coast, there had been several shark attacks which involved our members in rescue attempts, and subsequent recognition for their bravery. Recorded here are reports of two of these attacks and rescue attempts:

#### Burleigh Heads - 25 November, 1950

The President in opening the meeting said they all regretted the unfortunate incident when a shark attacked Leo Ryan a member of BHMP at Burleigh Heads on 25 November 1950 at approximately 5 pm, and the meeting had been called to consider all aspects of the incident, particularly in connection with the rescuing of Ryan by members of his club.

Report: The detailed report of the incident received from the Burleigh Heads Club was read and received on the motion of Messrs A Kennedy and other members of the club. At approximately 150 yards from the beach, the four members all were on a wave when they heard Ryan yell, "Shark". They were soon on the beach and gave the alarm, the reel was quickly taken down the beach and Gavin Horsley took the belt from the reel and raced to the rescue of Ryan, he waded 70 yards out and swam a further 50 yards to effect the rescue. After dealing with the report in detail, the following recommendation was moved by A Kennedy and F Richards, "that the Silver Medallion of the Association be awarded to Gavin Horsley for his outstanding pluck and courage in going to the rescue of Ryan, knowing full well that the shark must still be in the close vicinity of Ryan and the fact that he had to go out approximately 120 yards to effect the rescue" - the recommendation was carried unanimously.

<u>Documents:</u> Mr J McLean was asked to convey back to his Club the conditions of the Handbook Clause A which required that all relevant documents be procured together with statutory declarations of as many eye witnesses as possible. Mr McLean stated that his Club had these in their possession and would have copies sent to the Branch to be forwarded to National Council with the recommendation.

<u>Club Award:</u> It was also decided to recommend to National Council that the BHMP Club be awarded the Certificate of Merit with Bronze emblem for the way the members displayed courage and coolness in assisting Ryan from the water and the promptness and efficiency in treating him as follows: -

- a) three members waded out approximately 50 yards to over waist deep of water to bring Ryan in as quickly as possible,
- b) prompt first aid attention at the water's edge in applying tourniquet to Ryan's left arm (the hand having been bitten off) and in applying pad (towel) to the buttocks of Ryan which was badly mauled and in

- rendering promptly, other first aid. (Dr Pye of the General Hospital has said that this prompt action undoubtedly saved Ryan's life),
- c) all necessary gear and first aid equipment were made in readiness by Club members so that when Ryan was brought to the Clubhouse, everything was there for the doctor and nurse to take over and make him as comfortable as possible for his transport to hospital and through this teamwork, Ryan was on his way to the General Hospital, 35 minutes after the attack had been made.

#### Northcliffe - 22 November 1959

On the 22nd November, 1959 and incident was to shape the course of Northcliffe and leave a tradition of true life saving and heroic rescues and mateship that is still evident now.

At approximately 10.00 am during a surf race, a new club member, George Sachse, was savagely attacked by a shark while rounding a surf buoy. George, at that stage, was coming last.

When George yelled, "Shark", the other members in the surf race immediately swam back to give assistance. He was bitten on both legs and arms as he tried to ward the shark off.

The members who took part in the rescue far exceeded the Association Motto of Vigilance and Service and were awarded the Surf Life Saving Association of Australia Certificate of Merit with Bronze insert, the rescue being considered a team rescue rather than an individual effort.

The members who went to the aid of George Sachse were Thomas Savage, Brian Guilfoyle, Brian Dawson, Marcus Shaw, Errol Iselin, Neville Hyde, Neil Iselin, Gordon Farmer, William (Bill) Hutchinson, John Braidwood, Lloyd Reilly and Frederick Duck.

It was these members who carried out their duties in such an efficient manner that helped save the life of a fellow member.

The members named above also received the "Royal Humane Society Certificate of Merit".

It was the first time a rescue ski was used in such a rescue and that ski is now on display at the Queensland Museum.

George Sachse survived his terrible injuries and obtained his bronze with Northcliffe four years later.

## Surfers Paradise - 23 November, 1958

Surfers Paradise Club on 23 November, 1958 were awarded a Certificate of Merit with Bronze Medallion inset, and members Alan Bradford, Peter Brennan, Peter Flint, Eddie Burnett and Errol Tompkinson were awarded the Bronze Medallion for their attempts to save the life of shark victim Peter Spronk.

#### Point Lookout - 25 August, 1973

A shark attack at Point Lookout on 25 August, 1973 resulted in Wayne Cole, David Adamson and Richard Munro of Point Lookout Club being awarded the Certificate of Merit for their rescue efforts.

Robert Durbidge (Point Lookout) was awarded the Bronze Medallion for a body recovery from the Gorge performed on 18 December, 1947, R R Denman of Point Lookout the Bronze Medallion for a rescue performed on 24 April, 1955, and Wren Bligh the Certificate of Merit for a rescue on 30 January, 1967 off Kirra.

Many of these awardees have also been honoured by the Royal Humane Society as well as Barney Lyndon (North Burleigh) 14 March, 1934; Rod Doolan, David Powles, Alan Pringle (Point Lookout) 24 February, 1959; Peter Bristow (Point Lookout) 28 March, 1965.

They did what was necessary. We salute them for their "Vigilance and Service".

# FIRST AID

Helen Irvine advises:-

In the first year of branch formation, A. Kennedy was asked to make enquiries from State Centre about the Nuffield Shield for First Aid. Medical Officers, Drs. T.H. Gaven and W.A. Mackey were appointed, and in the annual report it was stated that the general public were now receiving efficient first aid which was greatly appreciated. Also, the First Aid Course was gaining popularity.

The following year the Nuffield Shield was won by Surfers Paradise with Broadbeach second, and E Tempany won the individual event. The year 1948/49 brought the first recorded tally of first aid cases in the annual report (312) but there were poor entries in the Nuffield Shield and next year its relevance was questioned.

State Centre circulated advice on the "Holger Neilsen" method of resuscitation in 1954/55, two years later the QATB were approached to conduct classes and State Centre were asked to conduct the Nuffield Shield – both failed for lack of interest. Also, that year, resuscitation cases were recorded (26). Year 1959/60 saw the branch with members on the Queensland Resuscitation Committee and two years later lectures were arranged to increase the number of qualified members. Also, State Centre set standards of equipment and premises for rooms which were not kindly received.

1964/65 saw the inaugural S.W. Winders Shield for Open First Aid (won by Point Lookout) which is still being contested today. Don Stone became the first Hon. First Aid Officer and set about upgrading clubs in 1970/71 and introduced a format for branch competition. This became the Krebs Shield the next year, and the Oxy-Viva was firmly cemented in the Life Saving Association.

1974/75 – John Holmes and Garth Andrews donated the first trophy for the Room Competition. Next season saw Don Stone appointed State First Aid Officer and first aid was mentioned in the Secretary's annual report for the first time. A recommendation was also made that the branch constitution be altered to include a First Aid Officer.

In 1978/79 Ian Ames and Jeff Daley won the First Aid competition (a team of three including Tony Reader). It was the first of many for these two consistent competitors. Framed certificates were introduced for the first three placegetters.

In 1979/80 stings were recorded separately for the first

time in the annual report - cases were resuscitation 11, first aid 552, and stings 658. The next year stings numbered 4463. The nippers appointed their initial First Aid Officer. Finally, in 1980/81 the Branch First Aid Officer was recognised in the annual report and Point Lookout came second in the Australian Championships. In 1982/83 a Branch First Aid Team started and junior competition was introduced.

In 1987/88 a letter was received from the Princess Alexandra Spinal Injuries Unit extending thanks regarding a case, and stating they were impressed by the professionalism and commitment of members. That year major cases were recorded separately for the first time and after 8 years number 346.

A large first aid tent was donated through the Cr. Trevor Coomber Fund in 1991/92, gear was increased by camp beds and blankets to enable the new team that had been formed to operate more efficiently. The nipper competition came under the umbrellas of the seniors in 1992/93 which meant many more carnivals for the team to cover. A "Spark of Life" conference was held in Melbourne with several branch officers attending and learning much.

1993/94 brought the introduction of Stiffneck collars and Port-a-shades were purchased for carnival outposts. More airbag resuscitators and manikins were purchased through Jupiters Casino Community Benefit Trust and the team were asked to cover their first State Championship carnival – the IRB's at Bribie Island. In the 50th year, they covered all beach first aid at both the State and Australian Championships.

Over the years 435 first aid certificates have been awarded along with 57 First Aid Instructors Certificates and 19 First Aid Examiners Certificates.

At the end of 50 years some things haven't really changed at all while others have changed quite dramatically for the better. With greater knowledge, better equipment and even greater awareness among club lifesavers of the importance of first aid in the scheme of things, we can be proud of our record of service.

Thanks Helen.

# LIFE MEMBERSHIPS

# THE "CORNER STONES"

the SLSA is a voluntary movement and most people join, hopefully, with a thought towards helping their fellow man. Rewards, other than tremendous fellowship, are limited but there is provision for the awarding of Life Membership to those who serve above and beyond a fair call.

This award exists at various levels in the Association, and our branch has seen fit to honour some 20 people with this award. Also, amongst our ranks are 14 State Centre Life Members, 7 Association Life Members, as well as numerous club and auxiliary life members. These Life Members are the "corner stones" of our establishment ably supported by many other "bricks" who contribute wherever and whenever they can.

# THE LIFE MEMBERS

N.S. Woodroffe (1958) – Active gentleman who led the branch through its formative years, and then into the 50's and 60's. Syd was a life member of Southport club and also served that club as a long term President. His association with the "Bulletin Newspaper" resulted in plenty of publicity for the branch. "Scoop" as he was affectionately known,

rode his push-bike to most activities to get first-hand information on the doings of the day. He was also honoured with life membership of the Association.

**J.H. Rootes** (1958) – Followed a similar pattern to Syd Woodroffe except his forte was in the secretarial role. John was also a Life Member of the Southport club, and was a stalwart in both the club and branch areas.

F. Richards (1958) - Fred holds life membership at all levels, and has been a staunch Board of Examiner member since "Captain Cook landed in Australia". A great R&R coach and club instructor, Fred has served the Surfers club, the branch and the Association for over 60 years. He is very special.

H.J. Weimer (1967) - Affectionately known as "The Fox", Harry held down the position of Gear Steward (one of the best), and then graduated to Branch Superintendent for a period of 5 years. Harry, who started his surf career at Broadbeach and gained his Bronze at the ripe old age of 44, was not averse to throwing his clipboard at bike-riders who

rode through his carnival arena. He was also the chief motivator of the Queensland Old Boys, helped found Kurrawa club and was honoured with life memberships at club, branch, State and National level. He also served a term with, and as one of the founders of, the Appeals Committee and was Queensland's major promoter at New Zealand carnivals.

P. Roubin (1969) - Phil started his career in Kirra club before being involved in the foundation of Nobbys Beach club. Long time President of that club and long standing executive member of the branch has seen Phil also awarded life membership of State Centre. He had the uncanny knack of looking well into the future, and letting people know of his

philosophies. Many wry smiles greeted his prediction in 1960 that petrol would be over £2 a gallon by 1980. Wasn't far wrong.

C. Taylor (1971) – Charlie is a Burleigh man through and through but still found and gave a lot of time to the branch and State Centre. Still very active around the club, and always present at branch functions. Also a Life Member of State Centre.

R. Tallon (1977) – Ron started lifesaving back in 1944 at Mooloolaba. Came to the South Coast in 1955, and was elected to Branch Secretary, a position he held until 1975. During that time he also became deeply involved at Southport, helped found Kurrawa, and was seriously involved in the Nipper foundation at club, branch, State and National levels. State

Selector for 21 years, Constitution Committee of Queensland since 1963, plus other executive positions at State have kept him busy. National Constitution Committee since 1968 and Australian Selector since 1978, and other national positions along with the foregoing have seen Ron awarded life memberships at 8 different levels and in 1985 he was honoured with an O.A.M. Regardless of all the foregoing "Boppo's" main concern has been the promotion and development of the South Coast Branch, ably aided and abetted by wife Von.

M. Claybourn (1971) - Mick, our longest serving Branch President, oversaw the continued development into the most powerful branch in Queensland, if not Australia. Firm but fair, he ruled with a very strict code of discipline. "O'Shaugnessy" could get most irate if the occasion warranted, and stood no nonsense. Broadbeach club and State

activities occupied any time left over from the branch. Life membership at all levels plus an O.A.M. indicate his devotion to Surf Life Saving. He served the branch as an administrator in the latter part of his career.

**B.J.** Guilfoyle (1973) – "Gilly", a past Branch Superintendent who graduated from a gear steward supreme, came to the branch from Northcliffe Club. Deeply devoted to Surf Life Saving it is difficult to understand his lapse in later life. Life membership of club, branch and State is no mean effort.

J. McMaster, DFC (1975) - Jack was another star administrator who came through the branch to become State Superintendent and President, and National Councillor. Another true blue Burleigh man, Jack rounded off his career as Queensland's Secretary, Administrator, State Manager, and General Manager for the last 20 years of his life. In that time the

State's advancement knew no bounds. Involved in all facets of life saving, perhaps boats were his true love, although

administration also ran a place there somewhere. Life membership at all levels, plus an A.M. were just rewards for a dedicated lifesaver.

G.B. Andrews (1975) - Garth long time "Godfather" to the Southport Club, also gave plenty of time to the branch. President of Southport for years, and now Patron, his latter years have been devoted to the helicopter service development on the Gold Coast. A man of few words but plenty of action, Garth was also awarded life membership of State Centre.

P.J. Kelly (1977) – Pat and Yvonne Kelly have been the patron saints of this branch practically since inception. Mine hosts at Miami Hotel in early days saw them host and support innumerable branch functions, and their unstinting support to North Burleigh Club and indeed other branch clubs has been a feature of their lives. An old West End boy made good.

D. Stone (1983) - Don, a true blue Southportonian, served his apprentice-ship with Ron Tallon and became the master secretary. As an ex-builder he supervised the construction of the branch headquarters and the Southport nipper building, monuments to his dedication. First aid and nipper activities were other areas of his busy schedule

despite his health problems. Wife Hazel was an integral part of the team that was justly rewarded with Don's life membership.

K. Hoskins (1987) - Kevin arrived in Queensland from WA where he was a Life Member of the Bunbury club. Their loss, our gain, as "Hosko" became one of our most progressive Superintendents (8 years). Gear improvement and development occupied much of his time at branch, State, National and World levels. Gulliver's Travels pales besides the

tours and visitations undertaken by Kev and Eleanor to all parts of the globe, mainly in the cause of life saving. Life memberships at all levels seems inadequate for such an accomplished lifesaver who is still as active as ever despite the odd accident or two.

J. Di Betta (1988) – John started his career in life saving at Metropolitan Caloundra but then moved to Burleigh Heads/Mowbray Park Club where he represented the club as a branch delegate. Since 1960, John has served the branch in many capacities including Superintendent and President. Ill health in latter years has curtailed his involvement.

P. Webber (1989) - Peter came to the Southport club from Warilla/Barrack Point Club in 1972, whence he immediately became interested in instruction. He joined the Board of Examiners and served as a District Supervisor and deputy before serving as Branch Superintendent for 8 years. He was also prominent in the amalgamation of the nippers, and was a

very keen branch Training Officer. His latter years were devoted to helicopter service, and his latest interest is masters competition. A very deserving life membership awardee.

C.J. Douglas (1991) - Col's illustrious surfing career commenced at Yeppoon in 1953. Col has served a term with Cairns, Bundaberg, Surfers Paradise before settling at North Burleigh where he was President for 12 years. Wherever he has been he has been deeply involved in administration and competition, and served as State Team Manager for 3 years.

Col and family were deeply involved in the Nipper Association, where Col presided as Branch Chairman for 10 years, and was awarded life membership. Thirty (30) years of service to the branch board, plus 3 years as Branch Treasurer as well as many years of service on committees has seen Col become a Life Member of North Burleigh and the branch.

C.J. Pratt (1993) - Col, another strong Burleigh man, joined the club in 1953. Early days saw Col as a strong junior competitor but he quickly took a shine to the Board of Examiners which he joined in 1958. He became club delegate to the branch, and has been actively associated with the branch ever since. A long serving branch delegate to State Centre has seen

him active on many committees at State and branch level. Latter years saw Col become a State Alternate Councillor and a State Selector. During his career he also successfully trained R&R teams to State and National success. Obviously, life membership of Burleigh club, the branch and State Centre are just rewards for an excess of 40 years of service.

J.C. Taylor (1994) - John, son of Charlie, created history by being the son of an existing Branch Life Member when he was so honoured. Joining Burleigh Club in 1962 he has been a very successful competitor and still is today. John became a board member in 1965, and despite heavy competition commitments has still maintained active branch participation,

serving as Deputy President, State Delegate and on numerous committees. He has served as Branch Team Manager and Instructor and as a Selector.

K. Bird (1995) - Our most recent Life Member is Ken, who joined Kurrawa Club in 1968. On becoming a board member in 1973, he was quickly involved as Deputy Superintendent, and then advanced to State Helicopter Officer. After a term as Deputy President he became President of the branch for 6 years, and was BP Lifesaver of the Year for Queensland in

1984. Ken has continued his board activities, and is now Director of Surf Sports for Queensland and is prominent at Australian Championships.

Besides those of the foregoing who have been honoured by Surf Life Saving Queensland, other valued members of this branch who have been awarded Life Membership of SLSQ are Alan Doig (BHMP) who served 7 years as State Secretary, John Ogilvie (S) numerous years as State Coach and Russell Whitmore, OAM (BHMP) who has been mainly responsible for the radio network throughout the surf world in Queensland and indeed Australia.

Unfortunately, time will not stand still, and some of these illustrious gentlemen have passed on to that great surf club in the sky. May their memories remain with us forever.

# THE "BRICKS"

As mentioned earlier, we have people who do whatever they can whenever they can, and without them the branch would not have prospered. Let us dream a little and imagine a Board of Examiners made up of the following:

Rod Doolan, Bram Thompson, Dave Powells, Wayne Cole, Roxanne Jacobsen, Julie Keen, George Hill (Point Lookout), Alf Williams, Keith Morgan, Robyn Morgan, Richard Frost, John Hayes, Bev Peek (Southport), Alan Kennedy, Alby Smith, Claude Jeanneret, Graham Meakin (Surfers Paradise), Alan and Norma Kolkka, Bev Chorley, John Braidwood, Helen and David Irvine (Northcliffe), Mick Buttrum, John O'Brien, Ross Selman (Broadbeach), Les Benson, Barry Ovenden, Kev Thomas, Nev Rylah, Shelley Peacock, Marie Bennetts (Kurrawa), Alan Gilpin, John Wilson, Keith Jones, David Cunningham (Mermaid Beach), Barry Murphy, John Watts, Ian Murphy, Ray Sturdy (Nobbys Beach), John Hanson, Alan Booker, Arnold Henry, Peter Beeston, Warren Young (Miami), Ian Given, Lionel Lindsay-Smith, Andre Van Muyen, Brian Carroll, Peter Hallett, Peter and Val Connell, Jean Robson, Bob Watson (North Burleigh), Stan Costa, Bob Donaldson, Alan Imrie, Dick Coates, Terry Imrie, John Dutton, Rod Welford, Sharon Crichton and Dave Roberts (Burleigh Heads).

To add a little bit of character we could include - Harold Phipps (Woopsie), Ross Wyeth (Lurch), K. Thompson (Turdy), Percy Marsh (Mr Moto), Eric Shepherd (The Mongrel), Wayne McLennan (Rabbit), Laurie Bliss (Fish), John McNamara (Mac), Louie Vaughan (Bluey), David Sandilands (Sandy) and Ken Bostock (Bossie) just to keep them all well marshalled.

Team these "bricks" up with the "corner stones" and you have one hell of a building - ably supported by the "mortar" - the people who have given what they could, and then moved onto other spheres of life.

# **FINANCE**

ugh McMaster, Snr set the pattern for support of the branch back in 1945 when he donated Fifty Pounds (\$100), a very generous gesture in those days, to fund the branch's formation. We have been financially sound ever since, despite the acknowledged criteria that financial support for a branch is a problem.

Turnover in the early years quickly grew from 500 pounds (\$1000) to 1000 pounds (\$2000), and by dollar days (1966) had increased to \$5000 average. This was achieved by steady support from the community, 4BH Picnic, Council contribution and Government Subsidy. By mid-seventies turnover was approximately \$15,000, and we had "saved" approximately \$13,000 for investment and our own home.

With the decision to build the headquarters came a fund raising explosion that is recorded elsewhere. Turnover increased to \$40,000 plus and has continued to grow to an amazing \$182,406 in 1995. Where did it all come from?

The Government Subsidy Scheme - 7/6 (75c) in the pound (\$2) to 1973;75c in the dollar to 1990 and then dollar for dollar has been a major contribution. This subsidy allocation was limited to an annual amount of \$24,000 in 1980, which did not worry the branch until the 90's. Total contributions from government subsidy exceeds \$365,137, and that does not include the percentage allocated to SLSQ.

Gold Coast City Council has always contributed cash and kind and have now committed \$25,000 per year for gear purchases.

Miami Hotel (Pat Kelly), Queens Arms (Pat Horniman), Jubilee Hotel (Mrs Derriman), Bartletts Barn (Arthur Moffrey), Ferny Grove Tavern (Keith Mayes) and Cecil Hotel (Peter Gallagher) provided venues for chook raffles and lucky numbers. Pat and Yvonne Kelly, Max and Liz Christmas, Keith and Del McLean, Carl Robertson, Garth Andrews, Ken Fogarty and the Soden Family are but a few of the solid personal supporters. Caltex Oil, BP Australia, Wales Bank (Westpac), Queensland Permanent Building Society, Perpetual Trustees, Jupiters Casino, Mobil Oil Co., 4KQ, 4GG, Castlemaine XXXX, Ionian Club and South Coast Dairy are companies that have given support over the 50 years of existence.

The Appeals Committee has been a major contributor having provided in excess of \$110,000 since the branch started participating in their activities in 1970. The branch clubs, the public and others who I may have failed to mention have also contributed unstintingly and the branch remains forever grateful for that support.

The next question is obvious – where does it all go? Buildings, gear and administration absorb most of the income. Support for competition and competitors is another major factor with minor assistance being provided for officials and function. Astute management has also helped to provide a \$50,000 investment portfolio which may sound impressive but is totally inadequate for today's volatile financial scene. We are still existing on a day-to-day basis and not withstanding the loyalty of our supporters the move towards a permanent income – the licensed club – may have seen our future secured. I repeat once again, PITY.

Of late, competition has seen some dramatic changes with very little thought to impact in the area of gear and officialdom. The recent efforts by the branch to increase entry fees to achieve a "user pays" result has met with some rumblings. However, rumblings will not solve the financial future of the branch, and despite our magnificent past record, efforts must be directed towards that goal.

# **GEAR**

rom the outset, this branch has been aware of the necessity to have good gear if successful carnivals are to conducted. This also reflects in other areas such as administration and accommodation, where the branch has always endeavoured to supply the

Fortunately, over the years, we have had available the best gear men in the Association, not only in their dedication to their position but men who understand what is wanted, where it is wanted, and how it is cared for and maintained.

Rescue ski "Miss Maureen" (named after Sir Frank Parkes daughter) and Mermaid member Neil Lawrence in 1948/49.

Harry Weimer set the pattern back in 1951, and men such as Jim Mullins, Bob Farmer, Ernie Jones, Brian Guilfoyle and Eric Shepherd (14 years) have equalled and surpassed the efforts of "The Fox". Ably assisting and guiding these worthy gentlemen have been Kev Hoskins and Ross Wyeth whose names are synonymous with good gear throughout Australia.

In recent years Ron Daly and his assistants Woopsie, Claude, Rex and Harry have continued in the same vein despite the mountain of gear, vehicles, caravans, IRB's, etc., that is now housed at the headquarters.

It is worth noting that of the above names - Weimer, Guilfoyle, Hoskins and Wyeth went on to become Superintendents of this branch. Must be a connection there somewhere.

Financial accounts in the 1995 report show an accumulated cost over the years at \$175,807. Depreciated value is shown at \$50,936.

# **JET RESCUE BOATS**

RB's came to Queensland in the 1970-71 season under the control and guidance of an expert driver, Alan Seeney from Southport. Alan had recently migrated from NSW to Queensland, and we knew of his expertise. Alan recalls the following:

"In the spring of 1970 I was approached by Ron Tallon, who asked me if I could arrange for a boat to be used in the summer season for a number of major carnivals, one of which was the South African Test Carnival at Burleigh. I was pleased to advise some weeks later that the manufacturers had agreed to lend me a boat for the whole season (1970-71). This then was the introduction of jet boats to Surf Life Saving in Queensland.

After attending all events, the interest in these boats was tremendous, and soon negotiations were in place with a sponsor to donate a boat to Southport SLSC. The Pacific Hotel, through Mr. Pelerman, came to the party, and in the winter of 1972 Southport accepted delivery of the first jet boat in Queensland which was manufactured in the club colours.

After this I started to educate and train a small group of members to become operators and crew members. This small group grew to seven who all became first-class drivers, and these members continued the training with me doing the examining and testing.

In the floods of 1974, the boat was used by the rescue team bringing residents out of the flooded Nerang area. As this boat was able to go where no other conventional boat could go, due to the jet, the boat saved some 50 residents from the flood.

It was not long before other clubs saw the benefits of having such a craft on their beach, and Kirra was the next to get a boat, followed by Burleigh Heads, and then Alexandra Headlands. The operation of these boats continued for many years with great excitement and enthusiasm. The original team stayed together for many years, and then State Centre awarded them with the first recognised award for drivers – numbers 1 to 7.

In addition to the above I had the opportunity to take Prince Charles out at the Coolangatta Carnival, where I was assisted by the team.

Unfortunately, the boat became tired and we needed a new one, but due to the financial times a donor was not forthcoming, and the boat was retired to the Broadwater as it had done its work and was becoming unsafe for the dedicated crew and drivers. That was the end of jet boats on Main Beach."

As Alan records Burleigh also became interested, and in 1974 set their wheels in motion. Russell Whitmore advises that:-

"A fourteen member Power Rescue Craft Committee was formed and held its first meeting on 6 March, 1974 under Alan Imrie's house. The following were appointed by the club executive to guide the committee during the infancy state:

Col Pratt President

Terry Imrie Training Co-ordinator

John West Secretary

Estimated cost of establishing such a rescue service was:-

Boat, safety equipment and spares	\$5500
Trailer	\$800
Communication network	\$500
Total	\$6800

Delivery of a Hamilton Jet powered boat of Smith Industries design was accepted in mid-August and operational patrols started at the beginning of the 1974/75 season. On Saturday, 5 October, 1974 a milestone in the history of the club was passed when "Apex 1" commenced its first operational patrol with Ken Egan and Don Walker as the first licensed drivers.

The many maintenance problems that arose were capably handled by the ever present chief mechanic, Bob Eggins.

BHMP continued to operate a jet boat until the commencement of the 1984/85 season when State Centre took over the running expenses of the jet boat, and incorporated the Burleigh Heads boat into the "Jet Rescue Service" which now covers all SLSA jet boats in Queensland."

# **RADIOS**

whicles in 1976, contact with club patrols became a necessity. Radio communication was the obvious answer and Burleigh members Russell Whitmore and John West quickly expanded a limited club beach network to cope with these demands for the 1976-77 season. Russell Whitmore continues the story of development:

"This was the first club radio network in the branch, and Tony Di Betta was elected Club Radio Officer at the beginning of the 1977-78 season to continue the service.

Colin Pratt as both State Radio Adviser and Branch Radio Officer during the 1976-77 and 1977-78 seasons lead the establishment of radio communications for clubs in both the South Coast and Point Danger Branches.

On 30 September, 1978 the "Gold Coast Command" Radio Communications Co-ordination Centre commenced operation in the abandoned State Government Wave Measuring Station on South Nobby Headland. As a fellow Burleigh Heads/Mowbray Park member I assisted Colin with the setting up of this facility on the 27 megahertz marine band frequency of 27.98 MHz.

Tony Di Betta the 1977-78 Burleigh Heads/Mowbray Park Club Radio Officer was elected Branch Radio Officer for the 1978-79 season and continued in the position for four seasons.

During this period of time radio communications were extended to include IRB's and a joint effort led by myself as State Radio Officer and co-ordinated in the South Coast Branch by Tony Di Betta and the Point Danger Branch Radio Officer, Michael Mahon, a commercial UHF Radio Communications system was introduced at the season.

The UHF network provided direct communications between "Gold Coast Command", beach patrols, JRB's, IRB's. 4WD's and helicopter. Point Lookout SLSC was included in the UHF network during the next season and with the addition of UHF radio repeaters the network now extends from Brisbane to Lismore.

The Gold Coast Command Radio Communications network had continued to serve both branches to date under the guidance of the following South Coast Branch lifesavers, Barry Thomas, Barry Ovenden, Keith McKenzie, and David and Helen Irvine."

David Irvine, a most dedicated radio man has guided the branch radio system over the last seasons, and submits the following resume:

"The most significant changes during my time as Branch Radio Officer have been the positive attitude eventually adopted by all clubs to radios as a necessary piece of life saving equipment, the need to have back-up radios in order to maintain a constant on air performance, the introduction of the Soft Pak radio harness for IRB drivers, the everincreasing number of members sitting for radio certificates, the availability of simple to operate hand-held radios, the phasing out of boxed radios, and the extensive use of radio networks at all carnivals.

We are indebted to Russell Whitmore for introducing the Soft Pak harness to the branch, and one of the first to be operational is still in use today at Northcliffe."

# **HEADQUARTERS**

In the mid seventies thoughts turned to the branch establishing headquarters – a home of our own. Behind Mermaid clubhouse was an old Council toilet block that had become redundant because of the inclusion of public toilets in Mermaid's new clubhouse. A word with our good friends at the Gold Coast City Council resulted in an arrangement for the old building to be partly demolished and then repaired to our specifications. Don Stone and Mick Claybourn were instrumental in negotiations and building supervision.

The original cost in 1977 was approximately \$62,000. The branch took out a loan (\$45,000 in 1977) over a 20 year period but the debt was cleared in less than four years, an indication of the enthusiastic support that the branch can generate if and when the necessity arises. It should also be noted that each club subscribed \$1000 towards the cost which was subsequently refunded. The driving force behind the financial drive was Mick Claybourn who pushed our turnover from \$15,000 per annum to \$40,000 and maintained that momentum during his term as President. Included here are extracts from the annual reports of 1978-79 and 1979-80.

President Mick in 1980 said: "We as a branch, expect the best of our clubs and members in all facets of lifesaving and administration, and uphold the traditions and ideals of the Surf Association, but one would never expect, or hope to receive, the support this branch has received from its members, officers and supporters with the building and repayment of our branch headquarters.

We negotiated a loan of over \$40,000 to be repaid in 10 years. I had it extended to 20 years, knowing that it would be impossible to repay in so short a time, and yet with the systems go!, the loan was repaid in under 5 years - a remarkable feat would be the understatement of the year. This would be the highlight of the branch's activities since its inception."

Honour board in the branch headquarters naming the function room after Mick Claybourn as a tribute to his enthusiasm and dedication over many years.

In the same year, Secretary Don said: "Towards the end of 1976 in late November, a sub-committee termed the Building Committee met and considered tenders for a branch building. A builder was selected and negotiations commenced to borrow \$40,000 over 20 years to meet the anticipated costs. At the branch meeting held on 2 January, 1980 the Treasurer was instructed to finalise payment of the loan to the Bank. From inception to completion of this financial exercise just three years. Also, a number of expensive additions had been completed and paid for, besides the bank loan."

In 1979, Treasurer Ron reported: "After experiencing the greatest year ever in the financial operations of the branch last year, we could expect this year to level out a little. Many people have played their part but the continuing efforts of President Mick and Secretary Don surely must be recorded in glowing terms, and one could really see them bursting with pride on our Grand Opening Day. And rightly so.

If the audited statement is included in the report it should reveal approximately \$12,000 outstanding on the loan account. This could quite conceivably be paid by November of this year which brings to light the cold hard fact that the \$45,000 negotiated in 1976 over a 20 year term had been repaid in 3 years. Truly an amazing effort for any organisation, let alone a branch which could be considered to be the poor relation of our Association.

We have acknowledged the efforts of our fund raisers but let us also pay tribute to the Queensland Government and its subsidy scheme which has provided \$31,030 over the past four years, \$3878 of which has aided in the administration of Queensland State Centre. Over the many years I have been associated with the branch our donors have always been a steady source of revenue, and please notice how they responded to our cause when we were in need."

Extensions (\$30,000) were added in 1983 to house our ever-increasing inventory of gear, and due to our changing administration process and the engaging of professional staff a further extension (\$56,000) was completed in 1987 to provide suitable office facility and more gear storage area. Money invested in the headquarters at that stage was \$150,745 and in gear \$50,290.

The building has served us well, and has also been utilised by other organisations in the locality.

# DID YOU KNOW ...

THAT worthy group "The Dirty Dozen" have amassed over 25,000 man hours at carnival activity at State and Australian Championships since their inception in 1973. It is also possible they have consumed that many litres of the amber fluid at their after carnival functions and the odd one or two sipped during the course of the carnival.

JOHN Ogilvie was a member of the Queensland State Team on 5 occasions (1956-61) and then went on to be Instructor of the team for 15 contests (1970-91).

HELEN Irvine and her first aid team have provided first class facilities in their first aid department at club, branch, state and Australian and International carnivals to the tune of approximately 6650 man or women hours over the past 4 seasons.

THE Kolkka family of Northcliffe S.L.S.C. have totted up 177 years of service to the Association. Sons Bruce and Noel and Ross have won numerous Australian, State and Branch medals and why not, coming from such good bloodlines as Alan and Norma.

MARK Reaburn of Southport club won the State Belt Title for seven consecutive years from 1981 to 1987 and also won in 1978.

MARK Bennetts of Southport club contested an Australian Iron Man final on 20 consecutive occasions (junior and senior) from 1974 until 1994. Unfortunately he never struck gold but has two silver and three bronze medals as consolation.

OUR own George Hill of Pt Lookout Club was the Champion Surf Life Saver for Australia for season 1990-91.

## PT LOOKOUT S.L.S.C. HISTORY

green & gold.

The Point Lookout club was formed in 1947 when a group of residents and regular visitors carried out a mass rescue in a swimming gorge adjacent to the present clubhouse. World War II had come to an end and the two beaches now patrolled by the club, Main and Cylinder, had started to draw large crowds, making the need for a rescue outfit obvious.

Local Bob Durbidge approached his mate Bill Daley, who was at the time State Centre Superintendent, and together they rounded up a group of fit young blokes who formed the nucleus of the new club. Daley travelled to the island and put the first group through bronze exams. Transport to the club, on North Stradbroke Island, was by Hayle's Cruises launch – the Mirana, Mirimar or Mirabelle – from North Quay to Amity Point. Depending on the weather, the trip took anywhere from three to five hours, then an hour-long drive on the back of a converted 4WD truck along a sandy track. In addition to saving themselves during the hazardous journey, the Point Lookout boys needed to preserve the supplies they would haul, including enough meat and liquid refreshments to last the weekend.

In those early days, the accommodation was an army tent and the later fibro clubhouse was constructed between 1950 and 1953 by members and their families. It was designed by fledging architect Robin Gibson, who later went on to design the more famous Queensland Cultural Centre. Within two months of patrols, Bob Durbidge had received the club's first meritorious award for his efforts in an attempted rescue and subsequent body recovery at the same gorge. Eight other members have since received SLSA and Royal Humane Society Awards.

# **SOUTHPORT S.L.S.C. HISTORY**

s early as 1909, reports of Life Saving demonstrations were held at Main Beach. The origin of Southport Surf Life Saving Club can be traced to the Cable Beach Surf Life Bathing Club, which began in 1910 and was formed by the Cable Company stationed at Southport.

This Club ceased to exist when the new Trans Pacific Communication link was finished and the Company was transferred to Sydney.

In 1923, the Queensland Surf Bathing Club was formed, the following year, 1924, Southport Surf Life Saving Club was inaugurated. The Southport S.L.S.C., as it is now known, had an initial membership of 20 active members and 17 foundation members.

During two World Wars, other global conflicts and extensive changes in our society, Southport Surf Life Saving Club has patrolled Main Beach. In the years leading up to 1942 and the second World War, Southport Surf Life Saving Club also patrolled Stradbroke Beach.

With recruitment of some 50 members to the service, the Club commitment was continued under enormous strain on its resources. It was quoted in 1943 that there would be no "Smoko" in the coming year.

The contributions to Southport, the Gold Coast generally and the community in, not only saving lives, but developing our youth, teaching them about caring and respect for others and themselves is immeasurable.

This ethos permeated beyond immediate members to the other community groups and the public whom we educate in resuscitation, first aid and surf awareness through our community award programs.

Southport Surf Life Saving Club also has one of the proudest histories in competition, having won two World Championships and being runners up twice. Winning seventeen consecutive State Titles from 1972 through 1988. Also winning six Australian Titles in 1979, 1981, 1983, 1985, 1987, 1988.

Our existing clubhouse was constructed in 1936 after the original clubhouse was destroyed by a cyclone of that year. Since then the Clubhouse has been altered, modified and added to.

To continue our service, develop our youth and provide for future generations, we must now provide facilities that match our commitment and uphold our heritage that is aptly reflected by our code "Vigilance and Service".

# SURFERS PARADISE S.L.S.C. HISTORY

urfers Paradise Surf Life Saving Club which, although officially formed in 1925, can be traced back to 1921. It was in that year the Royal Life Saving Society placed a reel on the beach for the safety of bathers. It wasn't used often - those days Surfers attracted only handfuls of surf enthusiasts who braved the dirt track from Main Beach.

Four years later, the club's first driving force was a hotel owner who wanted to attract more tourists to build up his client list. Jim Cavill, who owned the Surfers Paradise Hotel, soon convinced resident Charlie Walsh to start the club, as Walsh had shown interest in the movement. He attended a meeting of the neighbouring Southport club to study their set-up. Walsh became the first president and was also secretary and treasurer for the next three years. Over the next six or seven years, the crowds were never big and four or five cars parked at the foreshore was considered a busy day. It was 1928 before the club gained its first Bronze Medallions, 1929 before it affiliated with the SLSA's Point Danger Branch and bought its first surfboat.

By 1930, it was still slow on the beach and the logistics of transporting members from Brisbane so tiresome, the club temporarily disbanded. The break-up lasted one month. The next 10 years was a period of consolidation as membership increased with the help of a truck which transported the boys to and from Brisbane. The members were mostly from West End and active in water sports and rugby league. World War II saw membership plummet to just 10 but, like the heart of the city that surrounds it, the club has since grown at breakneck pace.

#### **NORTHCLIFFE S.L.S.C. HISTORY**

The Northcliffe S.L.S.C. was formed and affiliated with the South Coast Branch on the 1st February, 1947 for no other reason than the area was becoming quite populated and there was a need for a surf club between Broadbeach and Surfers Paradise. The idea of a new club was first raised by Mick Claybourn, the former South Coast Branch Administrator and Keith Smythe, both at the time members of Broadbeach S.L.S.C..

The first clubhouse was an old disused Army shed bought from the Army at Southport and was placed on a block of land next to Bruce Gadsen's house in Albury Avenue.

The foundation members were Keith Smyth, Paddy Anderson, John Hurd, Bob McDonald, Brian Sockhill and C Bryant. Five (5) of these were from Broadbeach S.L.S.C..

John Hurd was the first President, Paddy Anderson was the first Captain with Keith Smyth the first Secretary.

In 1951, the club obtained an old double ender clinker surf boat from Southport "that as a surf boat it was a good fishing boat". Fred Gouge was the first sweep and boat captain.

1956 saw the opening of the new clubhouse, a two storey fibro building built by the members, the old Army hut was just picked up, taken away and dumped.

#### **BROADBEACH S.L.S.C. HISTORY**

In 1934, a few young men from Brisbane decided to get together and form a Life Saving Club at Amity Point. The venture ran into some difficulties due to lack of support, etc and when the subsidised boat fare was withdrawn, they decided to change their venue to Broadbeach, after an approach from Harry Bruce (MLA) and an inspection of the beach.

At the time, there were no Surf Clubs between Surfers Paradise and Burleigh Heads, and there were five houses at Broadbeach, so a meeting was held at the residence of Mr Harry Bruce (MLA) on 5th August 1935, where officers were elected and a letter was sent to Point Danger Branch, requesting affiliation as a Surf Club. They were advised to attend the next meeting at Cudgen Headlands late in August 1935.

A dance was held in the Norman Park School of Arts Hall to raise funds, which netted a total of four pounds, sixteen shillings. The next day, Harry Milner's Studebaker, crammed with potential lifesavers, was despatched to the meeting at Cudgen Headlands, forms were filled in, affiliation and capitation fees were paid, and, with a cash balance of ten shillings, Broadbeach Surf Life Saving Club was born.

Broadbeach's first 'clubhouse' in 1935 was Jim Ansell's tent.

# **KURRAWA S.L.S.C. HISTORY**

In 1958, the need for a new club to be formed to cover patrols on the beach opposite Lennons Broadbeach Hotel was evident. Mr Harry Weimer, together with the Police Youth Club at Lang Park, Brisbane began this venture. The surf club was registered on 6 September 1958.

The original name being "Police Youth-Lennons Broadbeach Surf Life Saving Club". Members travelled down from Brisbane each Sunday and that season saw 23 obtain their Bronze Medallions.

The Youth Club provided the first Constitution which the South Coast Branch would not accept. In early 1959, the Youth Club withdrew their support and the club name was changed to 'Lennons Broadbeach Surf Life Saving Club'. Branch members at the inaugural meeting were; C Taylor, G Bennett, C Walsh and A Doig.

Accommodation for members was provided by Lennons Hotel - two rooms, 12 bunks. Meals provided cost one shilling and three pence (15 cents). That first year two hundred pounds (\$400) was borrowed from the South Coast Branch to purchase gear and equipment and was repaid in 12 months from proceeds of raffles and other fund raising.

On the 18 May 1961, it was voted to change the name of the club to "Kurrawa Surf Life Saving Club", an aboriginal word meaning "blue seas". Negotiations to build a clubhouse began with the Gold Coast City Council and the official opening of this clubhouse was held on 27 October 1963.

Four other stages of building have produced the fine clubhouse of 1996. Kurrawa Old Boys was formed in 1976, and Kurrawa Nippers in 1978. Both sections are very strong in membership, fund raising and organising of club activities.

Competitively Kurrawa has been strong in First Aid, Beach, Water, March Past and Boat events. The 'A' Grade Boat crew won the Australia Open Boat in Perth in 1991 and again at Collaroy in 1992, coming in third at Kurrawa in 1993.

## MERMAID BEACH AEME S.L.S.C. HISTORY

ermaid Beach Surf Lifesaving Club was founded in 1945 by members of the Army "Australian Electrical & Mechanical Engineers", from Bulimba Army Workshops, Brisbane.

Towards the end of World War II, while interstate troops were waiting to be sent home and demobilised, servicemen were encouraged to take up sporting activities. Tom Sneyd of The First Australian Watercraft Workshop at Bulimba interested about twelve members of the Unit in swimming and Surf Life Saving. With the enthusiasm of Tom Sneyd, the experience of Horrie Armstrong and the support of Allan Kennedy the basis for the emergence of a new surf life saving club existed. The first bronze squad qualified on Christmas Day 1945.

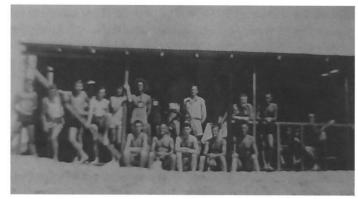

The Club was first known as the AEME Surf Life Saving Club Old Burleigh Road which in 1945 was known as "Los Angeles" beach until the suburb was eventually renamed "Mermaid Beach" in 1947.

At the time Mermaid AEME S.L.S.C. was founded there was only five (5) other clubs in the South Coast Branch - Southport, Surfers Paradise, Palm Beach, Broadbeach and Burleigh Heads. The beach had only three (3) houses and tank water was a strong consideration in the final selection of location for the clubhouse.

There are many funny stories about how they set up a rough tent (the tin shack) which grew to a timber and sheet metal low level clubhouse at the end of Ocean Street, Mermaid Beach. The first members lived on bully beef and provisions from the Bulimba Army mess, and cooked on open fires. For entertainment, the club members organised beach bonfires.

The construction of the second clubhouse in 1955 (box shaped) included a large dance floor on the first level, where many midnight to dawn dances were the focus of the area. In 1972, the third clubhouse was built and since then members have further extended the clubhouse as you see it today.

The club has a fine history of success and prides itself particularly on being a "Community Club Serving the Community".

# **NOBBYS BEACH S.L.S.C. HISTORY**

he club was formed in 1954, at the instigation of Phil Roubin, a former Kirra man. A public meeting on the beach elected Phil as secretary, Martin Purcell as president and George Regan as treasurer, all of whom had weekend homes in the area. With assistance from Martin Purcell a small shed was erected on a block of land purchased for £1100.

Patrols were established by members Tony Hughes, Frank Purcell, Noel Powell and Bob Fearn, who had been members of North Burleigh and North Kirra, and instruction of nine members, mostly from Western Districts Rugby Union Club was given by Maurie Cave, club captain. Eighteen members gained their bronze medallion in that first season. A succession of good club captains in Frank Purcell, Arthur

Sykes, Fred Newton, Nev Roser, Bruce Blake, Col Rose and John Watt have always ensured that members are aware of their prime function as lifesavers, and no fatalities have occurred on their beach.

Financially, the club has never been particularly well off, and under the guidance of Phil Roubin's three years as secretary and eight years as president, we have followed a policy of borrowing to finance expansion, thus getting greater incentive to raise extra funds. With the help of the Branch in 1955, we purchased our block of land, then with a bank overdraft in 1957 we built what is now our boat shed and used it for a bunk room.

The formative years were "rugged" with the first clubhouse and boatshed very crude shelters. During the 1959/60 season, following public pressure on the Council for an amenities block, the club approached the Council to consider a combined construction including a new clubhouse complex. To achieve this however, the club had to relinquish its freehold land title for the princely sum of one shilling (10 cents).

Nature hasn't been kind to the club, which is beachfront and in the winter of 1967, it was only through club morale and non-stop work for two days and nights, which saved the clubhouse from disappearing into the sea. Strangely enough unearthed under the front of the clubhouse by the huge waves, (recorded at times at 5-6 metres), was an old army bunker used in both the first and second world wars.

The bunker thought to have been totally destroyed at the end of the last war, with its thick cement and reinforced wire was pummelled into smaller pieces by the raging waves and swept out to sea by the strong currents. Beach erosion and damage to both the clubhouse and beachfront houses also occurred in 1969 and again in 1974.

Nobby's Beach Surf Life Saving Club has come a long way since 1954, with the beach becoming a welcome safe "family and community beach" (just ask our Premier Rob Borbidge who is a regular visitor to our beach) we have never a fatality while a patrol has been on duty, this is a record we are proud of and intend keeping intact.

# MIAMI S.L.S.C. HISTORY

n the 16th march 1947, Mr N S Woodroffe, President of the South Coast Branch of the Surf Life Saving Association presided over a meeting held in the lounge of the Miami Hotel. The result of the meeting was the formation of "The Miami Surf Life Saving Club" to control the beach area from Little Burleigh Hill, northwards to the "Nobbies".

The foundation President was Mr H Beavis and Mrs H Beavis was appointed Hon Secretary-Treasurers (pro tem), assisted by Mr G R Faulkner.

The first season members enrolled were W J McNamara, (Captain), M Duggan (Vice-Captain), K J Renton, A H Henry, C M Foggitt, R Furlonger, N Johnson, F Reid, E Hallewell and J Wilkie.

These were rough and ready days for the surfmen, their quarters were tents pitched adjacent to the Blue Line Store.

During October and November 1948, the first step forward was made in the housing problem. A building to serve as a temporary clubhouse, 20 feet by 16 feet, was constructed of timber and fibro at a cost of approximately £250.

The building was wholly constructed by voluntary labour, Messrs C Boettcher and E P Thornton heading an enthusiastic bank of workers from the district and the club members. The electrical portions was completed by Ron Furlonger and Arnold Henry (club members), and the plumbing installation by Merv Duggan (Vice-Captain).

During the season 1949/50 a Shark Tower was donated to the club by Mr Webster of Clayfield, Brisbane and further gear was provided from funds. This included and extra reel and line, and an Eve Rocker.

Christmas 1950 heralded the first Beach Concert and Fireworks Display, followed by a monster Fireworks Display on New Year's Eve. The Beach Concert was conducted by radio station 4KQ, and Vice-President, Bill Fagg, arranged the fireworks. This became an annual institution and was one of the major attractions of the South Coast during the holiday season.

The Club continued to progress. Funds were raised by dances at Southport and Miami, by several Art Unions, and a vigorous Ladies Committee in Ipswich increased the Club's finances with very substantial amounts. There was also generous assistance from local and outside supporters.

Towards the end of 1949, architect Alan Booker, was instructed to prepare plans and specifications for a modern clubhouse. After numerous difficulties and delays, a revised plan was submitted and tenders were called by the South Coast Town Council in May 1951. It was not until the middle of 1952 that the foundations were laid and the Club watched their cherished ambition grow brick by brick.

The great objective of a new, modern clubhouse, fully equipped to cater for the rapidly growing district of Miami had now been achieved.

# **NORTH BURLEIGH S.L.S.C. HISTORY**

the North Burleigh Surf Life Saving Club affiliated with the South Coast Branch on 7 January 1950. Prior to the affiliation there had been groups of people working for the Club to start on the beach south of the headland known as South Nobby viz: local residents including Mr R B Nutting, Mr E A Hardy, Mr B White, Mr P White, Mr J Jordan and Mr J Pidgeon active lifesavers John Gebbie and Peter Hildebrand called meetings at Brisbane and North Burleigh

The first Bronze squad of six (6) members gained their Bronze Medallion after being examined by Branch officials at Mermaid Beach on 24 October 1949. They were trained by Peter Hildebrand. Mr R B Nutting was the first President and John Gebbie was the first Captain. Office bearers who had a big affect on the progress of the Club were Mr E A Hardy (President 1950-58), John Hardy and Barry Miley (Captains) John East (Treasurer) Peter Hildebrand and Eric Watson (Chief Instructors) and Frank Higgs (foundation member and President 1960-61).

Accommodation was an early problem. The club started with a tent; then a shed made of car packing cases. Intervention by the Council forced the club to move to a site bulldozed out of South Nobby hill. This move was caused by Mineral Deposits being allowed to mine the beach for mineral sands. Our temporary home on the hill was built by voluntary labour. The construction was supervised by Mr Arthur Shield. The Club stayed there until 1964.

The early work of many Club Officers and members really came to fruition in the 1960-61 season, when the Club won five (5) Branch Titles and one (1) State Title. Two members, Ken Swan (surf board) and Rob Murphy (beach sprint) made the State Team. Earlier Paul Simmonds (1956-57) was the first State Team Representative as a Junior Surf competitor. Prior to that, Jim Paskin had won a State Musical Flags title in 1954.

Finances were strained early. The Club had a tough time raising working expenses. In the 1953-54 season, the members ran our first Beach Concert. It was a huge success. These concerts continued to the early sixties. The original concert was organised by Mr Noel Horn, Colin Thompson and Peter Buchanan.

The Club prospered during the 1960-61 season. Future Life Members Mr Pat Kelly and Mr John Kirwan joined the Club that season.

I know that the Foundation Members are proud of their efforts when they read about the North Burleigh Surf Life Saving Club in the news today.

# BURLEIGH HEADS/MOWBRAY PARK S.L.S.C. HISTORY

The actual birth of Burleigh Heads/Mowbray Park S.L.S.C. seem some what obscure. Jack Winders' book records a club being formed in 1919 (later disbanded) and "Mowbray Park patrolling Suttons Beach, Redcliffe and transferring to Burleigh in 1928".

There is also evidence of a local club being in existence and building a clubhouse in 1924, the same year Point Danger Branch was formed. The Mowbray Park Life Saving and Athletic Club operated out of the Mowbray Park baths in Brisbane and presumably after 1924 were approached by Mr Bill Winders of the Point Danger Branch to assist in strengthening the Burleigh Club.

This they did but not without a long running feud of the locals versus the Brisbane lads, mainly fuelled by Nerang Shire Councillors. Burleigh's 50th history records the various names over the formative years as:

Mowbray Park Life Saving and Athletic Club (1923-28) Mowbray Park Surf Life Saving Club (1929-32)

Mowbray Park-Burleigh Heads Surf Life Saving Club (1933-34)

Burleigh Heads-Mowbray Park Surf Life Saving Club (1935-to date).

Robert Longhurst's "History of Burleigh" features some rather rugged incidents between Nerang Shire Councillors and the Mowbray Park version of the club around 1932-34. The book also records members of Mowbray Park S.L.S.C. being involved in a developing Burleigh before 1930 and Brisbane masses arriving by road from 1920.

It is also evident that at sometime between 1919 and 1934 there was some type of club activity under the name of Burleigh Club and at intervals there could have been two clubs in operation.

Despite this ongoing struggle, the club or clubs continued to operate and develop into one of the most powerful administrative and competitive clubs in the state. The club was a tower of strength in the early years of this Branch and Burleigh Heads-Mowbray Park continues to be a leading club in the Surf Life Saving Association.

# **GUESS WHO ...**

WHO was the dapper Board Member who was noted for wearing a pith helmet to carnivals until challenged and then walked off the beach? He turned up at the next Board Meeting in top hat and tails to plead his case. WHO was the brash young lifesaver who was called before the Judiciary Committee to explain his activities in the First Aid Room? During the hearing it transpired that the young lady had enticed the BYL into the room, and one leading question from the BYL to the chairman was, "What would you have done, Mr President?"

# COMPETITION

ompetition has been part of the SLSA since early days, in fact it could be considered the lifeblood of the Movement. It provides a platform for fitness and skill enhancement, a showcase and image builder in the eyes of our supporters, and above all exemplifies an Australian way of life. The Australian lifesaver is recognised world-wide, not only for his voluntary service to fellow man, but for his athletic ability – the big bronze Australian Surf Lifesaver. This image has not been let down by the branch over the past fifty years. Champion individuals and teams have emerged from this branch with regular monotony.

Barry Galton's book "Gold, Silver, Bronze" records Mark Bennetts, Trevor Hendy and Peter Lacey among the "all time greats". Apart from these we can also record a few extras such as Don Kitchener, John Ogilvie, Mark Reaburn, Robbie Nay, Gary Watson, Brad Stokes as multi-medal winners with Mark Williams, the Hackett brothers and Luke Richmond looming as distinct possibilities.

Their successes are recorded herein at the various branch, State and Australian and International contests from our first venture into State Titles when the branch won 12 of the 13 titles on offer in 1946.

As the years go by the number of events have increased dramatically in an attempt to keep up with the ever-increasing demands, and the various directions our Movement takes. The development of different lifesaving techniques, the introduction of females, the acceptance of varying age divisions, the coming of age of the Association, and subsequent birth of the Masters (ageing competitors), all have had their effect on the carnival scene.

Another factor was the introduction of a more detailed age category in 1992, as against the old "cadet", "junior" and "senior" era, viz:

Cadet now is U16 Junior now is U18 Veterans now in Masters Introduction of U21

The program was once confined to 13 championship events. We now have a mammoth 93 events at the Australian Championships and still growing. We also have Masters Championships, Nipper Championships and IRB Championships in their own right along with a myriad of inter-club and nipper carnivals.

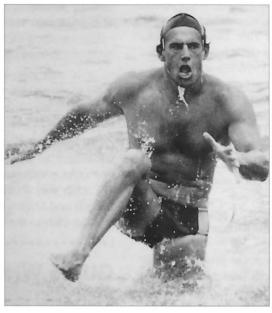

South Coast Branch has hosted a number of major events, a few of which are detailed elsewhere in this history. On reflection, however, one can recall that whenever an event was due to be conducted in our area "Hughie" usually decided to either turn on a screaming south-easter with its mountainous seas, a north-easterly block-buster with accompanying bluebottles, or send the rain down in torrents. Regardless, we soldiered on and completed the events. Who can recall Max Christmas and crew laying the buoys at Broadbeach with the aluminium surf boat "Astron"? What an effort! How about the seas and the bluebottles at our first Australian Championships at Southport in 1947? The torrential rain, again at Southport, on the occasion of the World Championships in 1988? What memories of the Australian Championships at Burleigh in 1989?

But apart from those problems, we have also been blessed with magnificent balmy days such as the 1995 Australian Championships at Kurrawa – the best ever. Have a read of the following results, and let your mind wander over the memories and reflect on the efforts of these champions.

# INTERSTATE TEAMS COMPETITION

The move towards a federal body in 1946 and the subsequent holding of the Australian Championships at Southport in 1947 saw the start of the Interstate "rivalry" in the surf competition but it wasn't until 1950 that the first interstate competition got under way. This took the form of a contest between State selected composite R&R teams and it took place at Coolangatta.

The following year saw a programme of eight (8) events contested by composite teams of ten (10) competitors. Boat crews were introduced in 1965, increasing the team to fifteen (15) competitors. Two (2) females were added in 1989 and then along came a major sponsor in the name of Kelloggs NutriGrain.

The company had already been sponsoring the Association but this support was dramatically increased and a completely new format was evolved, known as the NutriGrain Interstate Series.

Because of the selection criteria, one could say 1991 saw the end of the Interstate competition and the start of a TV orientated programme including the top competitors from around Australia. Changes are still taking place in 1995 to add to the TV appeal and indeed, it is a success, however, many still long for the headon clashes of old between NSW (the Blues) and Queensland (the Maroons). Branch members who were selected in those teams are as follows:

he Australian Championships have been recognised as the biggest sporting event outside the Olympic Games, and has now developed from a one day, 14 event affair into a full week surf life saving extravaganza of nearly 200 events which includes the Masters.

Southport (1947,1954), Burleigh (1973, 1989) and Kurrawa (1984, 1993, 1995) have hosted the big one, and might I say they have all done it with a special flair of their own. Suffice to say that at time of writing Kurrawa has become the permanent site for the next 10 years. However, as we are recording history, it would be most appropriate to record in full the branch report relevant to the first occasion back in 1947 when the branch was only 2 years old. To add to the occasion, it was the first time the titles had taken place outside the Sydney area. Apart from the weather the whole show was an outstanding success, and established the branch as a powerful and united group. Herewith is the report and financial statement:-

### Australian Surf Championships - Southport, April 6th, 1947

In presenting to you a report on behalf of the Carnival Committee of the Australian Championships recently held, I do so with a tinge of regret, for it was most disheartening to the various committees, that after putting so much time into the organising and preparing for the carnival that adverse weather should take a hand in things and cause the dislocation of the whole carnival. The decision to split the carnival, swimming events at Greenmount Beach, March Past and Beach Events at Southport, was indeed a drastic one, but under the circumstances little else could be done, for it was impossible to contest belt races at Southport, although it must be admitted that conditions were little better at the site chosen at Greenmount Beach.

I feel I must congratulate and bring to the Surf Association's notice the splendid efforts put forward by the local citizens committee of Southport (under the guidance of our Branch President, Mr. N.S. Woodroffe) to whom must go most of the credit for the splendid organisation that proved itself so good, that despite the programme being split between the two beaches, the organisation as arranged was still able to function with a fair medium of success.

The accommodation of the visiting lifesavers, which was our biggest worry, went as planned, with one or two exceptions and arrangements were only marred by some clubs who did not bring the numbers that they had previously booked, hence we have the knotty problem of settling for accommodation not used. In this instance the following clubs were short: North Barrier Branch 15, South Curl Curl 5, Western Australia travelled

and used accommodation with a Sydney team and an odd single at various places. The various clubs in the South Coast are to be complimented on the number of lifesavers they accommodated at their respective clubhouses.

The Head Centre executive officials who arrived a week prior to the carnival were met by Mr. M. Burke and myself were quartered at the Pacific Hotel and accompanied the transport committee to Murwillumbah to meet the special train from Sydney. I might mention that all Murwillumbah turned out to meet the train, the Boy's Band was in attendance and the President of the Shire was there to welcome them. To Mr. Archibald and his staff must go special thanks for the way he had arranged the transport for he shifted the 430 lifesavers in the matter of two hours, the transport of boats was carefully handled by Mr. W. Woods. Messrs McGrath and Burke together with Messrs Miller and Moran travelled to Murwillumbah to farewell the members on their return journey.

The weekend programme as arranged went well, despite the weather and all functions were an outstanding success. The official dinner by State Centre to visiting Head Centre officials was presided over by our State President Mr. F. McGrath and held at Main Beach Kiosk on Saturday evening; The Pacific Hotel Dance was packed to capacity and most certainly everyone enjoyed themselves; Sunday's championships was anything but good as far as carnivals go, but the financial result was astounding; The Midnight Dance was also a bumper and the concluding event on Monday, The Bathing Beauty Competition was well patronised considering the cold afternoon. The financial result of the aforementioned as you will see from the report presented by the Treasurer is indeed pleasing.

Special mention is made of the work done by the Southport Town Council particularly the foreman Mr. J. Kelly in connection with the arena. The Police under Sen Sgt Cochrane is to be complimented on his handling of the traffic and large crowd, and to the Press and Radio Stations for publicity given. I feel special thanks is due to our Treasurer Mr. W.F. Serisier for his organising of the financial side of the functions, his efforts were faultless and to him and his band of workers must go the Association's thanks. The donors of trophies are to be complimented for they provided the best array of trophies ever competed for at Australian Championships. These trophies were made available through the South Coast Branch and have set a standard that Queensland need well be proud of.

In conclusion thanks are extended to all who in any way assisted, particularly the women of Southport Swimming Club for ushering and assisting with the presentation of trophies, as also my assistant Mr. C. Murphy who spared no effort in his endeavours to do everything that was asked of him, and no doubt if the weather had favoured us Queensland would have made this carnival, the first to be held outside of Sydney and in this State, the greatest in the history of the Association.

Members of the Carnival Committee are: Messrs N.S. Woodroffe (President), J.H. Rootes (Hon.Sec.), W.F. Serisier (Hon.Trea.), M. Burke, H.F. McGrath, J. Winders, J.A. Allison, V. Whelan, A. Kennedy.

For and on behalf of Carnival Committee. John H Rootes Hon. Secretary.

### AUSTRALIAN REPRESENTATIVE TEAMS

Recorded in this section are the champions who have been selected to represent Australia both here in Australia and at many countries throughout the world. Needless to say, they have represented this Branch with honour which in turn, reflects creditability on their basic training as Club Members of South Coast Branch.

WORLD INTER CLUB

COMPETITION

in Melbourne in 1956, during the

Olympic Games, but on a very limited

scale. Apart from visits to and from

other countries, before and after 1956,

the first serious attempt at World

Championships was in South Africa in

1974 in conjunction with the World

international events then languished

until 1988 when Rescue 88 at

Southport saw the reintroduction of

World contests and these have been

had difficulty in gaining momentum. A

preliminary event in Bali in 1981 was

followed by another meet in Hawaii in

1983 and another in Vancouver in

1986. A much more formalised effort

was conducted in conjunction with

Rescue 88 at Southport, Australia and

consequently the stature of the event

has continued to grow.

Although

is constantly growing. Listed below are South Coast Branch Gold Medal winners in these World Inter Club events to date.

SOUTHPORT TEAM — HAWAII 1983 — WORLD CLUB CHAMPIONS
Back (I-r): H. Reece, D. Pullinger, L. Reece, P. Moorfoot, S. Wood, A. Sambrook, G. Davies.
Front: J. Davies, P. Lacey (coach), G. Ryan (manager), M. Reaburn (captain), M. Bennetts.

### DO YOU KNOW ...

PETER Lacey multi-disciplined skills have resulted in winning medals at 22 consecutive Australian Championships (1963-1984) including 18 Golds. He is still an avid contender at the Masters competition having started in 1963-64 with the Junior Belt Championship of Australia.

BRAD Stokes has been a member of seven Australian representative teams having started his career in Southport before transferring to Northcliffe. He also represented Australia as an ironman in New Zealand in 1990 and Invitational Team to Japan 1990 and Hawaii 1987.

ALLAN Kennedy, Foundation Superintendent of this Branch, served as Superintendent of four states, Queensland, South Australia, Victoria and West Australia. His employment took him to all parts of Australia where he was able to pursue his love of lifesaving. In the early 50's he was off to England where he promptly became involved with Bude S.L.S.C. and proceeded to assist in the formation of S.L.S.A. of Great Britain and also served as Superintendent.

SINCE the formation of National Council (now Australian Council) of S.L.S..A of A. there have only been two presidents – Sir Adrian Curlewis (1949-75) and Alan Whelpton from 1975 and is still in office.

THE Branch has four honour boards which record the names of previous office bearers. They are N.S. Woodroffe Memorial, Allan Kennedy Memorial, Max Christmas board, The Nipper Association board.

### **GUESS WHO ...**

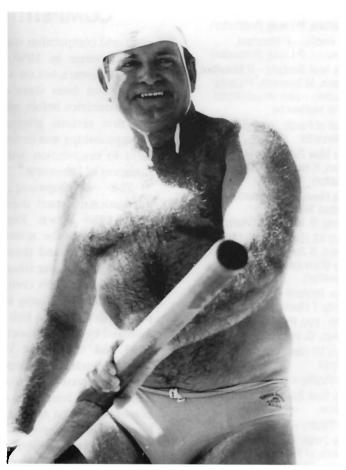

WHO were the two diligent officers of the branch, now in retirement, who rather forcefully referred to each other as "The Mongrel" and "The Figure Head"?

WHO was the "overseas" examiner who was accused of disguising himself as a palm tree so as to catch a few of the mainland clubs during his patrol inspections?

### I WONDER ...

HOW much did Point Lookout club pay the Island Ferry Company for a little bit of advice on who was coming to the island in the way of surf life saving officialdom?

IF Vince Corbett would still be alive today if he had suffered his heart attack at any other place than the Inter-Branch Championships at Mooloolaba in 1993? Officials and competitors rushed to his aid and applied their skills with more than satisfactory results, the balance of the carnival was cancelled with this branch heading for an historic win. I Wonder!
